

HUH ?

So here's the situation: Palestinian terrorists regularly infiltrate Israeli security, (or try to), - to blow themselves up in order to kill Israeli civilians in coffee shops and discos, on buses or just on the street. Jihadists fire rockets from the Palestinian Territories, targeting again, - not military assets, but Israeli settlements. Iran threatens to annihilate the Jewish State calling it an illegitimate state. Islamic terrorists strap bombs on themselves and their women and their children to accomplish their evil ends. Muslims riot and kill and the mere hint of any perceived offense; - the Mohammed cartoons for instance. "Moderate" Palestinian terrorists, loyal to the "moderate" Abbas, publicly celebrate American deaths in Iraq. Syria demands the return of the Golan Heights; - the strategic high-ground from which it launched multiple attacks against Israel. The Syrians cooperate in the arming and infiltration of thousands of insurgents across the border into Iraq. So with all that background comes this: A conference is held with Iran and Syria participating, called ; *The Muslim World: Victim of Terrorism. I'm not making this up!*

That's right, Damascus and Tehran got together to whine about terrorism *against* Islam, and gin up outrage in the Arab Street against the Big & Little Satan. (Like that will be hard!) The theme is that Islam in the Middle East is under assault from the US and Israel. In a great departure from logic and cogency, President Ahmadinejad of Iran declared that it is the "arrogant powers", Israel and America, that have created the international terror organizations, "trying to cover up their failures by wrongly portraying Islam as a religion of violence". As a token of Islam's peaceful intentions, the conference officially praised Hezbollah's war against Israel during the summer of 2006.¹

Meanwhile the Speaker of the Legislature of the Palestinian Authority, - the entity that Israel is supposed to negotiate with and hand over land to, - called for the murder of every American and Jew. Ahmed Bahr, calling Jews a "cancerous lump...in the heart of the Arab nation", invoked Allah to, "take hold of the Jews and their allies, Allah, take hold of the Americans and their allies.... Allah, count them and kill them to the last one and don't leave even one". *Undoubtedly that was meant as a gesture of peace from a representative of the 'Religion of Peace', in order to foster peaceful relations between the descendants of the sons of Abraham.*

Bahr went on to pledge that the Palestinian people will do their part, saying "we are eager for death for the sake of Allah". He went on to praise the Muslim / Arab nationalists of Sudan who are engaged in a war of extermination against the Black African population of Darfur.²

And on the Syrian Front, Damascus is showing its peaceful intentions by demanding the return of the Golan and building up forces in the region to back it up. Israel's Ambassador to Washington, Sallai Meridor, describes it as the most serious threat since the Yom Kippur War of 1973. With the help of the Russians and the Iranians, Syria has been in the process of modernizing its air force, tank corps and especially its offensive and defensive missile systems.³ Damascus has the capability of manufacturing and delivering chemical warheads against about the entire extent of Israel using an upgraded version of the SCUD missile. They are believed to have about 100 chemical warheads locked and loaded out of their total arsenal of 300 missiles deployed on the Syrian side of the Golan Heights.

STEPS TOWARD THE COVENANT

"He will confirm a covenant with many for one 'seven.' In the middle of the 'seven' he will put an end to sacrifice and offering. And on a wing of the temple he will set up an abomination that causes desolation, until the end that is decreed is poured out on him." (Daniel 9:27)

Remember the Sanhedrin? That was the ancient Jewish ruling religious court that governed Israel during the time of the Roman occupation. In that ancient form, it was the body that managed a sentence of death against Jesus Himself. You may

recall that it was reconstituted in some form back in October of 2004. Its purpose was to oversee the rebuilding of the Temple, and the reestablishment of the sacrificial system.

Now, this new Sanhedrin has engaged in an effort to reach out to the world, - especially the Islamic world, - to warn all of impending catastrophe. They are drafting a “Letter of Peace and Love”, to be sent to every government in the world, including President Ahmadinejad of Iran and even the leaders of all the Arab states; - the “sons of Esau and Ishmael” who do not recognize Israel. The missive will argue that the only way to peace is to rebuild the Temple and install the Jewish system of sacrifice according to the Mosaic Law. The letter will stress however, that they seek a Jewish Temple, not a “church for all nations”. It will end with a call for a world conference to discuss the fate of the Temple Mount in Jerusalem during the Jewish harvest festival of Succoth.⁴ Succoth begins 5 days after Yom Kippur, in October.

Many prophetic scholars believe that Feasts of God celebrated by Israel are all rich with prophetic significance. The first 3 feasts of the year refer to Christ’s first coming. Passover refers to His sacrifice on the Cross as the Passover Lamb of God. Unleavened Bread is about the giving of His body in the Lord’s Supper and First Fruits reminds us that Jesus was the first to conquer death through His Resurrection. Pentecost concerned the birth of the Church. It is believed that the last 3 feasts will be fulfilled at the Lord’s second coming. Many scholars equate Succoth or the Feast of Harvest with the establishment of Israel’s Millennial Kingdom.⁵ Jews believe that when Messiah comes he will restore the Temple. In Daniel 9 we are told this will not be so. It will be the Antichrist posing as Messiah that will establish and break the Temple sacrifice.

It is interesting to note that the Illuminati have planned a conference similar to the one called for by the Sanhedrin, but to discuss the unification of *all* religions. The folks that would bring us the New World Order also have plans to establish a Temple in Jerusalem, - but with wings to accommodate the three great monotheistic religions: Judaism, Christianity and Islam. According to that plan, the Pope would sit as head of an eventual united world religion.⁶ Islam tells us, that the Mahdi will head the world government and that Issa (Jesus) will return with him to deny that he is the Son of God and rule with the Mahdi from Jerusalem. Referring back to Daniel 9:27 quoted above, the Bible tells us that the **“abomination that causes desolation”** will take place **“on a wing of the temple”**. This will not happen until after a peace treaty or a **“covenant with many”**, sets up the false peace. Interesting times!

A WORLD TURNED UPSIDE DOWN

Arutz Sheva is reporting that Israel is concerned that Islamic terror groups such as Hamas or al-Qaeda may actually strike at the Dome of the Rock or the al-Aqsa Mosque on the Jewish Temple Mount in order to blame the Jews and spark an all-out war with Israel. Sources point out that Sunni and Shiite Muslims regularly target each other’s houses of worship already. In addition, Muslim leaders have regularly opposed Israel’s attempt to repair the earthquake damaged ramp to the Temple Mount. Israeli engineers are afraid that left un-repaired, the ramp could collapse injuring or killing scores of Islamic worshippers. In that event, Israel would undoubtedly be blamed by the Arab street. Muslims meanwhile continue to dig under the Temple Mount, further weakening the foundations. They are in the process of disposing of Jewish artifacts from the 1st and 2nd Temples in order to deny their historical existence.⁷

What makes this doubly interesting is the connections this story has with previous statements by both Palestinian and Illuminati sources. Back in September of 2000, Yasser Arafat was being interviewed by Christiane Amanpour of CNN. During the course of the exchange Arafat may have let a clue slip that makes a whole lot more sense in the light of this recent story. Near the end of the interview, with emotions running at a fever pitch, with tensions and voices rising, Arafat let out a revealing statement. “We Palestinians, our first target is our land, (the land of the holy places)”. Immediately realizing what he had said, Arafat pulled off his microphone and left the interview, cameras rolling. However he already had indicated that the Palestinians had a plan to set off a war by attacking their own holy places.⁸

The Palestinian Chairman said one other interesting thing at the interview, - that plays into the whole Islamic concept of the Last Days. This taken from the account of the interview given by YOWUSA.COM: “I will continue to liberate all Islamic and Muslim holy places. If not (pointing to himself), another one will come along to liberate it”.⁹ It is the belief of Islam

that it will be the Mahdi and the Muslim Jesus who will one day liberate Jerusalem. And they believe that that day is coming soon.¹⁰ [In fact this newsletter dealt with the probability that the Antichrist will be Muslim in detail. If you would like the appropriate series just e-mail me at robpalaszewski@hotmail.com.]

Finally, there is the Illuminati connection. As we have done so many times, we turn to the 1981 book by Peter Lemesurier, *The Armageddon Script*, which serves as a blueprint of the plan of those who would bring us the New World Order. “If the Messiah is to appear, then he must be produced...[which] is just as much a function of humanity as of Divinity”. Lemesurier is letting us know that there is a plan to bring the New Age Christ into power. Just as Ahmadinejad has a plan to *produce* the Messiah, - so do the Illuminati. Lemesurier acknowledges that indeed, - others too may have a plan. “Some Muslims may have a similar view”, he opines. Then he advises this coming Messiah to repeat the Palm Sunday scenario, when Jesus rode in triumph into Jerusalem on the back of a donkey, as prophesied in Zechariah 9:9. **“Behold, your King is coming to you; He is just and having salvation, Lowly and riding on a donkey, A colt, the foal of a donkey”**

He finishes describing this scene by revealing that this “processional” will proceed to the Temple Mount, where this pretender Messiah will be “duly enthroned and anointed with oil (in token of Psalm 45:6-7) amid the rubble of the dome of the Rock”.¹¹ And so we see from this third source, an indication that the plan to create the chaos and war that is to bring the Antichrist / Mahdi / New Age Christ may begin with an attack on the holy sites of Islam, (the Dome of the Rock), on the Temple Mount. Interesting indeed!

GEARING UP FOR SURRENDER ?

It is perhaps a little too early to tell, but the new US policy on the terror war may indeed be to concede control of the Middle East to Iran, Syria and their terror proxies Hezbollah and Hamas. Secretary Rice’s recent foray into small-summit diplomacy in the Middle East, rubbing elbows with the diplomats of Tehran and Damascus, - discussing no less, - Iraqi security concerns, - smacks of a complete cave-in to the demands of the Baker Commission, aka Iraq Surrender Group. You see, what we have here is direct linkage between Iran’s drive to become a nuclear power and Washington’s need for a more favorable playing field in Iraq. There is no doubt that Iran and Syria are feeding the chaos, - funneling arms and insurgents, - providing training. Ms Rice wants to talk about *that*: - but in order to talk about *that*, - the US may first have to talk about, - or wink at *that other issue*, - Iranian nukes.¹² The Jerusalem Post’s Caroline Glick has even noted “that American commanders in Iraq are barred from noting publicly that the Iranian and Syrian governments are directing the war and killing their soldiers”.¹³

Glick notes that Rice seems to be leading her State Department in an almost pacifist charge against the neo-conservatives in the Administration on a number of fronts. She opposes leaving the military option on the table when talking to the Ayatollahs and Mullahs in Tehran. She opposes helping the opponents of the regime. Her State Department presented a list of “security concession” to the Israelis, to be complied with by the end of the year. Glick makes the point that the Israelis are to comply with these terms “over the next eight months regardless of whether the Palestinians themselves cease their attacks on Israel, or for that matter, regardless of whether the Palestinians maintain their commitment to annihilating the Israel and the US”.¹⁴

The result of all of this is that it puts Israel squarely on, - not at, - the negotiating table. The real purpose of all of this talk, may be to forge a deal that would serve as cover for an eventual American withdrawal from Iraq. This of course would concede hegemony in the region to the Iranians, their Syrian cronies and proxy terror groups like Hezbollah and Hamas. These latter two have already proved themselves useful puppets, dealing Israel a severe slap during last summer’s hostilities. Put all of this in the context of the mounting pressure that is being put on Israel by the whole world to accommodate the Palestinians with their very own terror state and you create a recipe for disaster, - a blueprint for a terror victory. With Kadima in control – at least for the present – in Israel, the West seems to have a willing dupe in Olmert, - to dance to the tune they play. The world is trying hard to forge a Middle East peace at the expense of Israel. Olmert has already signaled that he is willing to go along with much of it; - being prepared to surrender Judea and Samaria. Perhaps even East Jerusalem and the Golan are on the table. And so the world prepares for a peace that the Bible says will never stand.

A MESSAGE IN THE TERROR

There's something going on that's beaucoup disturbing. Just as in Britain and Europe; - we're starting the grown our own terrorists. Earlier this month 8 Muslims were indicted in Federal Court in St Louis, Mo for "buying, selling or hiding of automatic weapons, an anti-personnel mine and other explosives". "We're going to war", said one defendant.¹⁵ Then this last week, 6 Albanian members of the Religion of Peace were arrested in New Jersey, as they prepared to attack the base at Fort Dix. They wanted to kill as many American soldiers with them as possible.¹⁶ This however was no foreign plot. These were men living and plotting in America.

One message from all of this is that: The War on Terror is real. They really are out to get us and it takes some near misses like St Louis, or Fort Dix or the mass airline hijacking plot foiled in London not long ago. And I believe that there is a greater danger in that these first two groups were not directly connected with al-Qaeda HQ. This is home grown terror, - rooted in the religious mindset of Islam itself. Islam is on the march in a very organized way, in this country and throughout the West. Islamic schools and mosques are springing up throughout the nation. Saudi oil money is behind the boom. Lawsuits and propaganda campaigns are part of the program. The aim in all of this is to change the very character of our nation. In the words of terror analyst Richard Taylor, "Islam is using America's own laws and freedoms to destroy us". As far-fetched as it may seem, they want to see America fully transformed from a land founded by Christians on Christian principles to one where Sharia law reigns supreme. We must always recall that it is only by the protecting hand of God that we are kept from the terror that has purposed our destruction.¹⁷

Big Brotherism – Here's some of the really neat stuff being tried out in Europe and will no doubt soon make its way across the pond. The Netherlands is using special microphones placed in "lamp posts, street furniture and offices" to keep tabs on their citizens.¹⁸ In the UK, officials are considering installing microphones alongside the already 4.5 million security cameras already in use. Later this year, something dubbed "talking CCTV" will see trials in 20 urban areas. This system would allow monitors to "bellow orders at those deemed to be behaving badly".¹⁹

Big Brotherism II – Two large internet service providers, - Earthlink and SBC Global, (owned by AT&T), - have been found to be censoring conservative news e-mails. News With Views, The New Media Journal, and even Michelle Malkin have had their work censored. World Net Daily was censored by American Airlines. Especially targeted are articles about "radical Islam and its relation to terrorism". (After all, we mustn't offend the terrorists! They could file a lawsuit!) Such material was described as "hate speech".²⁰

Al-Zawahiri Speaks Again – Just in case we forgot we were in a terror war, al-Qaeda's #2 man, al- Zawahiri, issued a pre-mother's day missive of love to the American people calling upon Allah to grant the US 200,000 to 300,000 dead soldiers before Congress can force the Bush Administration to withdraw the troops from Iraq.²¹

"A Wild Donkey Of A Man" - In Gaza, Palestinian Territory, white robed Muslim terrorists carried out an attack against a children's festival being held at a UN elementary school. They killed the bodyguard of a rival politician in plain view of the attending children. Palestinian security forces have been unable to stop the cycling, internecine violence.²² Here is the Bible's description of Ishmael, the acknowledged progenitor of the Arab race. **"He will be a wild donkey of a man; his hand will be against everyone and everyone's hand against him, and he will live in hostility toward all his brothers."** (Genesis 16:12)

Earthquake Watch – One day's headlines: First: "Earthquake rattles" Bogota, Colombia; - then a 6.2 reported in Tonga, a 5.4 in the Philippines and a swarm of 16 medium seismic events in the Yellowstone Park area.^{26 27 28 29}
