

GIMME DAT END TIMES RELIGION – PART V

In the last couple of segments we've been working through the whole very strange concept of Fallen Angels and their hybrid offspring called Nephilim, supposed "space aliens", - their relationship with each other and just what we can expect of them as we approach the Times of the End. In Part V, we'll look deeper into their identity and characteristics, - and we'll discover that they are pursuing some interesting ends that show correlation with End Times prophecy.

WHO ARE THESE GUYS ?

"And Jesus answered and said unto them, Take heed that no man deceive you." (Matthew 24:4)

Let's start by reviewing what we know about the identity of those beings posing themselves as extraterrestrials. Through communications with those they contacted or abducted, these ETs claim to be mankind's saviors; - from earth changes, from wars, from ourselves. They claim to hold a higher form of wisdom. They tell us we are all gods, that all ways are equal, that all religions are equally true. They announce that they are out to abolish the Bible. Some will even say that Lucifer is God.¹

This is what they themselves claim. Yet what's really interesting is what those who study the phenomena, (both Christian & non-Christian), - are saying about them. Chuck Missler & Mark Eastman, authors of *Alien Encounter*, point out that these alien presences practice mental telepathy, automatic writing, and poltergeist phenomena, - all attributes very similar to demonic possession.² Jacques Vallee, arguably the foremost (secular), researcher of UFOs, finds a striking similarity between those beings that fly the UFOs and demons of religious literature. Speaking of the structure of the common abductee experience, Vallee describes them as being "identical to that of occult initiation".^{3 4} Researcher's Ankerberg and Weldon documented how the communication of ETs is the same as demons.⁵ Even way back in 1969, Lynn Catoe, doing research for the Library of Congress and the Air Force concluded that the "alleged incidents...are strikingly similar to demonic possession and psychic phenomena".⁶

The conclusions of the scientific experts go on. Pierre Guerin says that demons and aliens are identical.⁷ Add Hal Lindsey of *The Late Great Planet Earth* fame to the list of believers in the alien-demon connection. Another researcher, Gary Kinnaman believes that these beings make themselves known through the manipulation of matter and energy. Their goal is to prepare mankind for an alien visitation. Just their appearance will break down the belief in man's uniqueness and superiority. The old religions will just not seem to do. As man is made to feel "unenlightened" and inferior, the alien beings will offer telepathic and technological advances that will achieve the great goal of the New Age; - the evolutionary leap forward by man into the Age of Aquarius; - then using that to change the world's belief system. And some believe that just as the Fallen Angels cohabited with women before the flood to produce the hybrid Nephilim, - so the demons posing as alien's, - with their preoccupation with human reproduction, - are engineering a new race of Nephilim to war against God's people during the Great Tribulation.⁸ Again John Mack, Harvard's Pulitzer Prize winning professor of psychiatry, - and certainly closer to New Age rather than Christian religious belief's, - chimes in that the abduction phenomenon is aimed at "changing human consciousness" and the "joining of the two species for the creation of a new evolutionary form".⁹

The parallel with the Genesis accounts is now becoming remarkable. Nimrod the demon-human hybrid, (remember, he is referred to as a "**mighty one**", Hebrew gibborim or Nephilim), and founder of the God rejecting pagan religion is a type of the Antichrist; - first in the line of high priest / kings that will end with the "**man of sin**". Just like the Antichrist, he institutes a system of religious and civil unity. Then there is this: The New Age Messiah / Antichrist it is widely believed

will have a UFO connection. He too is to be a hybrid Avatar, who according to the occult literature will be “tall of stature”, just like Nimrod and the Nephilim, - and will possess great “magic”, the greatest power that “mankind has ever seen”.¹⁰

All of this power is gearing up for one giant deception. It is this unprecedented deception and peoples willingness to go along with it, **“because they did not receive the love of the truth that they might be saved”**, (2Thessalonians 2:10), - that brings about the rise of the Antichrist. It then gets so bad that **“the man of sin is revealed, the son of perdition, who opposes and exalts himself above all that is called God or that is worshiped, so that he sits as God in the temple of God, showing himself that he is God”** (2Thessalonians 2:3-4) This is the great Falling Away. Oh, and there’s this one other thing that the New Agers believe: That after this New Age Christ takes power, - those who won’t follow him will be removed. Knowingly or not, they’re talking about the rapture. And they’re sort of right about that too.¹¹

Spiritual Clues

This is a concept that is not strange to the occult connected channelers. No doubt informed by spirit guides, New Age author, Barbara Marciniak, writes about 20 million people “leaving the planet at the same time”. In Bringers of the Dawn, she tells us: “The people who leave the planet during the time of Earth changes do not fit in here any longer, and they are stopping the harmony of Earth.”¹² Another writer writes how the ones who will be removed are those who “keep the earth held back”. Speaking again of Christians, another says that the “Dark Forces” will be removed.¹³ This way of thinking is affirmed by the Aquarian Age Community, a NGO, or Non-Governmental Organization affiliated with the UN. According to their teachings: The New Messiah is not coming for Christians. “He recognizes and loves those that are not Christian but who retain their allegiance to their Founders – the Buddha, Mohammed and others...If men look for the Christ Who left his disciples centuries ago they will fail to recognize the Christ Who is in the process of returning”. This will all occur in the time of the ANTichrist, - when realities will be flipped. Isaiah 5:20 passes a judgment on a time such as this. **“Woe to those who call evil good, and good evil; Who put darkness for light, and light for darkness; Who put bitter for sweet, and sweet for bitter!”**

But back to this New Age understanding of the rapture. Most interesting perhaps is a conference of the American Theosophical Society held in 1991, and infiltrated by Cutting Edge Ministries David Bay. Among many interesting revelations regarding New Age / Illuminati plans to produce the Antichrist, (such as a new Temple in Jerusalem and plans for a One World Religion), the conferences moderator, Bill Lambert revealed the occult’s beliefs on a coming rapture event. Thanks to Mr Bay who kept detailed notes. Here is a summary of what he published in Cutting Edge News #1052.

At this Seminar, held in 1991, Bill Lambert described three groups of people on earth when the new messiah comes. Those who will immediately accept him, those that may accept him after some time and, in the third group, those that could never possibly accept him. Just listen to what he had to say about the fate of members of that third group. He compared them to people who had spent their whole lives living in a darkened room. When the light is shined into this room, these people will not be able to handle the light and want to get out of there as fast as they could. He says these people will, (his phrase now), “elect to leave for another room.” When questioned he elaborated some. These people will not be able to just will their spirit to leave this world, nor will they commit suicide. But quoting again, “I do not know how it will happen, but these people will leave this dimension.” Further, he is saying that this departure for ‘another dimension’, will occur right after the appearance of the New Age Christ. This is what their Guiding Spirits, (demons), are telling them. – This can refer to none other than the rapture of the Church. Born again Christians would be the group that could never accept the “Christ.”

David Bay went on to describe a New Age Conference held in Aspen in 1987, which explained it this way. At the arrival of the Christ there will be many people who, despite his ‘many signs and wonder’, will not be able to accept him. So the ‘Masters of the Logos’ will remove these people from this earthly dimension – so the Christ will not have to deal with their ‘collective aura’. Their negative energy would impede moving mankind to a higher level of consciousness.¹⁴

And not only the Rapture, - but the Tribulation. Another New Age writer, Ruth Montgomery, in her book, “Herald of the New Age”, talks about “millions that will pass into the spirit”. In her work which she admits was written through ‘automatic’, or demonically inspired writing, she further says that afterward there will be a cleansing that will kill about 50% of the population of the earth. This reminds one of the Biblically predicted carnage of the end-times.¹⁵ Other writers say that afterward about 2 billion people will be “cleansed”. *That sounds like that other great worshiper of the dark side, Adolph Hitler. But I digress.*

So the New Agers are being told that the Christians will be taken out first, - just because they couldn’t make the cut. Thelma Terrell wrote a book on the subject called *Project World Evacuation* back in 1993. She assures her New Age readers not to worry, “...your time will come later”.¹⁶ Kay Wheeler describes the process as an Earth Cleansing.¹⁷ *And so it will be!*

So we see the New Age preparing the world for Alien invasions and One World Religion and Government and a brand New Christ. And we’ll leave off here with just this last thought. Former Vatican connected Jesuit, the late Malachi Martin, communicated often but rather cryptically about how developments from outer space would soon impact human destiny. Martin believed that there is coming some “sign in the sky” sometime before the end of this decade. Tom Horn quotes another Jesuit, Argentinean astrophysicist, Jose Funnes saying “extraterrestrials exist and are our brother”. And yet another Vatican theologian announced that the notion that man was ‘created’ by alien beings is “something that Christianity is coming around to”.¹⁸ So I leave off with the warning with which I began this chapter: **“And Jesus answered and said unto them, Take heed that no man deceive you.”** (Matthew 24:4)

THE BIG QUESTION

Readers of this newsletter have been peppering me with questions lately. Actually its pretty much the same query. They’re all variations on the ‘*Big When!*’ ‘*Do you think Jesus is coming back in the next few years?*’, they ask. ‘*Will there be a big war this summer?*’. So here’s the short answer: “I don’t know....but everything is in place”!

Take the war question for instance; - all conditions are fulfilled. Readers of this newsletter know that I, - along with some actually reputable Bible scholars, - believe that Scripture strongly hints at two prophetic wars to come. The second, the Gog / Magog war comes at a time when Israel is at peace...and feeling secure. *That sure ain’t now!* Ezekiel 38 names the allied enemies of Israel. Among them; - no Syria, no Egypt, no Palestinian people. Yet the Bible clearly tells us these nations will be dealt with and judged. Damascus will be reduced to a heap of rubble in a moment. (Isaiah 17:1) The Palestinians will be decimated. (Obadiah 1) Egypt & Jordan & Lebanon face judgment. (Various chapters in Isaiah) The first war will involve Israel against this line-up of inner-ring Arab states. It will, according to Scripture, result in their utter destruction. The pieces for that war are clearly in place.

Speaking for the Illuminati, Peter Lemesurier tells us that from their point of view, prophecy is “self-fulfilling”. He goes on to describe the detailed steps toward bringing in the New Age Christ. There are wars coming. “Wars and rumors of wars” in fact, just as Jesus said. And those pieces are in place.

The recent victory by Hamas (really bad terrorists) over Fatah (moderately bad terrorists) in Gaza, goes to illustrate the point. Israel is now surrounded by Iranian sponsored enemies bent on her destruction. Hamas is occupying Gaza. Hezbollah lies across the border in Lebanon. Syria is mobilizing on the Golan Heights. In addition, Iran continues to influence and supply insurgent movements in Iraq and Afghanistan. This has been Iranian strategy all along. Back in 2003, they promised to light “many fires” in the region to ensnare and defeat the US. Among the fronts named were Afghanistan, Iraq and Israel.¹⁹ And by all accounts war may be coming as early as this summer.

So the West is taking the vacuous route of supporting Abbas and the lesser terrorists. That's right, the esteemed moderate, Mahmoud Abbas cut his teeth on terror and continues to support the destruction of Israel even today. He's just a little more subtle about it than Haniyeh and his Hamas thugs. Hal Lindsey points out some telling phrases from the still operative PLO Charter that serves as a de-facto Palestinian mission statement. Article 8 spells out the plan. Provoke war between Israel and its' neighbors and have them do the 'dirty work' for the Palestinian people. Even the revised Charter calls for the "liquidation of the Zionist presence" from the region.²⁰ And though the Americans and Europeans may trip over themselves in trying to salvage a peace process and establish a Palestinian State with Abbas' Fatah in the West Bank, the Palestinian President has made it plain that he will offer little in return. " Hamas is not required to recognize Israel...It is not required of Hamas or of Fatah". He's just interested in the \$500 million in payments that is to be funneled through the Israeli government. Israel is to help finance its own destruction. No, there is no spirit of negotiation there!

In the meantime, Israel is making plans to deal with Hamas in the Gaza Strip, which borders on an Egypt never overly interested in policing its own borders to keep out terrorist or weapons. Israeli Defense Minister Ehud Barak revealed that with in weeks, Israel will use the pretext of the inevitable rocket attacks / suicide bombings to crush the 12,000 strong Hamas military regime.²¹ But don't expect it to be easy. Still the Scriptures foresee a time when **"The king shall perish from Gaza"**. (Zechariah 9:5)

Conflict there could certainly could be a flashpoint for an all-out war. Syria is mobilizing on the Golan. The Palestinians are much better armed than in the past with rockets and anti-tank and other modern weaponry. American arms sent to the lesser terrorist, Abbas, have been seized by Hamas. Iran will be happy to have her surrogates do the fighting. And feeding the growing notion of the imminence of war is the perception that Israel's military is no longer the military machine it once was. After all, they had trouble with Hezbollah just last summer, - or so goes the thinking.²² Now Lebanon is again falling into chaos. Rockets have been launched from southern Lebanon into Israel and private sources tell me that Christians there are becoming fed up with Muslim atrocities and are threatening active, armed resistance. All together this feeds the chaos that Iran's religious regime desires, hastening in their eyes, the return of the Madhi.

Most interesting in all of this is that Abbas, the loser in Gaza, is actually using his defeat to leverage both concessions from the West and an enhanced status among Palestinians, including Hamas. The US is prepared to lift sanctions and the EU to provide financial support. Now Abbas wants Israel to throw in the release of thousands of Palestinian terrorists held in Israeli jails and the dismantling of security check points in the West Bank, that have served as barrier to suicide bombers.²³ Sometimes losing is winning.

The upshot of this entire new situation is that Israel is now surrounded by openly committed enemies abetted by Iran. Yet still the Olmert government is committed to giving away Judea and Samaria and have made noises about throwing in the strategic Golan Heights to Syria. As was the case in the unilateral Gaza giveaway, the territory occupied by the Palestinians will immediately become a home for terrorists and a launching pad for rockets and suicide attacks. Add to that a Syria that is making "concrete preparations for war" by removing government archives from Damascus.²⁴ Add to that a Hezbollah itching to renew its conflict with Israel. And in the background put the festering Iranian nuclear crisis and you have a recipe for a major Middle East conflict that could easily spread throughout the region. As to the 'Big Question', is it time? I don't know...but all the pieces are in place.
