

GIMME DAT END TIMES RELIGION – PART XXIII

Last week we looked at the plan to bring the New Age Christ / Antichrist on the scene. This week we'll pick up with just how they plan to have that play out.

UNVEILING THE NEW MESSIAH

“And he exercises all the authority of the first beast in his presence, and causes the earth and those who dwell in it to worship the first beast, whose deadly wound was healed.” (Revelation 13:12)

Everything that has passed so far is but the preamble to what follows. The rebellion of Nimrod, the infiltration of the Church, Fallen Angels cohabiting with the **“daughters of men”** in Genesis 6, the secret plots of the Illuminati / One Worlders, and the monosyllabic chanting of the New Agers: It's all about setting up the short-lived triumph of the Beast, - the Antichrist. We have just examined the plot to set the stage for the rise of the New Christ. Now we'll look at just how he is revealed. We pick up again, the revelations of Bill Lambert at the Theosophy seminar as reported by the Cutting Edge's David Bay.

1. **The Pope Takes Command** – According to Mr Lambert: “At the proper moment in history, the Pope will visit the combined Jewish/Christian/Moslem sector of Jerusalem to announce that all religions should be combined into one. This action will finally break the Middle East logjam. This will mark the advent of the One World Religious System under the False Prophet of Revelations”. Lambert is saying that some future pope will operate as the False Prophet of Revelation.¹
 - **Catholic Writers Agree** – We have seen how Roman heavyweights like Francis of Assisi, Bishop Sheen and Cardinal O'Conner, among many, - have taken the position that the False Prophet of the Last Days would indeed be an apostate prince of the Church.²
 - **The Prophecies of St Malachy** – These extra-biblical writings lay out a scenario in where there will be only one or at the most two more popes before Christ's return.³

2. **The Messiah Is Revealed** - “Minutes before the Antichrist arises, some supernatural sound will be heard and spiritually felt by everybody on the planet, simultaneously...with everyone's attention aroused, images of Antichrist will appear simultaneously over the entire earth, speaking to mankind, each in his own language. The signs and wonders will have begun.” (Bill Lambert) According to Lambert, “he will appear as different beings to different people”. Alice Bailey says, “A loud sound will be heard world-wide which will herald the coming of Maitreya the Christ. Prompted by this sound, people will be aware of his coming on three distinct levels: Spiritual, physical, and emotional”.⁴ Constance Cumbey tells us “His Three-Dimensional image will appear over all nations of the earth simultaneously”.⁵ Again, this agrees with much of what certain segments of the Catholic world is expecting.⁶
 - **Pope John Paul Expected a Marian Vision** – Vatican Jesuit Malachy Martin revealed this in his book *The Keys of This Blood*. John Paul believed that he was promised a powerfully-psyched worldwide vision of Mary that would confirm the primacy of both Rome and the Pope. It would produce an “engulfing chaos” that will lead to mass conversion. It will be preceded by a loud sound, light or odor.⁷
 - **We Have The Technology** – The Pentagon, for instance has signed on to the notion of the “use of digital technology to create false realities”. It is no great feat to be able to insert people, - even dead people like Steve McQueen, - into commercials; - or in the case of Woody Allen's Zelig, - into old newsreels. It is so sophisticated that the subjects seem to be interacting with those on the original film.

The danger in all of this of course, is that instead of being used for just entertainment and advertising purposes, it could be used to actually ‘create the news’. In fact prior to the Iraqi war, the Pentagon considered faking

videos that showed Saddam involved in sexual perversions and “crying like a baby”. One former military affairs analyst, William Arkin, revealed that a plan was even worked out to “project a huge holographic image of Allah into the skies over Baghdad, urging Iraqis to overthrow Hussein”. It was abandoned for logistical reasons, - and because no one was quite sure what Allah would look like anyway.⁸

The Technology of Spiritual Deception

If we are to believe their own pronouncements, the leaders of the New Age Movement have a surprise in store for Mankind; a technological ambush, aimed at changing the spiritual status quo. Peter Lemesurier, writing in *The Armageddon Script*, tells that the New Age Messiah, will be “humanly produced” with the aid of “technological phenomenon” and “special effects”. Jerry E. Smith, in *HAARP: The Ultimate Weapon Of The Conspiracy*, talks of a plan to “...take over the world by projecting holographic images into the sky while beaming thoughts directly into our heads, telling us to accept the new ‘god’ of their design”.⁹ (I know that sounds nuts, - it does to me too!) Describing that very technology from a more independent, scientific perspective, Ivan Amato, in MIT’s Magazine, *Technology Review*, believes that “...the stage is set for deception to move the world in new ways”.¹⁰

One example is something called Project Blue Beam, first revealed in 1994, by Serge Monast, an investigative reporter for the International Free Press in Canada. He later died under mysterious circumstances. Monast reported that Operation Blue Beam was a technological conspiracy by NASA scientists aimed at abolishing “all Christian traditional religions in order to replace them by a one-world religion”, which in turn would serve as the necessary prerequisite for the establishment of the One World Government. This plan of techno-deception has four aspects.

- **Discrediting All The Worlds Religions** – Through earthquakes that lead to “new” archaeological discoveries.
- **Global Apparition of “God / Messiah Figure”** – Achieved through a giant Space Show, using laser projections of 3-dimensional holographic images that will speak as “God” and speak to regions in their predominant native languages: Christ to Christians, Mohammed to Muslims etc.
- **“Spiritual” Confirmation** - Artificial Electronic Telepathy – ELF, VLF & LF waves utilized to send messages to individuals that will seem to be God communicating with individuals from within their individual souls. (I’m not vouching for the legitimacy or effectiveness of their technology here, - just reporting the plan.) Many are the reports of successful use of these “mind control” technologies.
- **Fear of Alien Invasion & Satanic Infiltration** – Creating the illusion of an impending alien landing and a ubiquitous demonic presence.¹¹

The disturbing fact is that New Age writers and high-tech publications confirm the plausibility of much of this plan. Consider point one. The use of artificial earthquakes, were blithely referred to in Lemesurier’s New Age tome, *The Armageddon Script*. It has long been a standing rumor in technological circles that several countries have the capability of using sound waves, “Radiant Energy” and scalar technology to influence weather patterns and shift tectonic plates under the oceans. And now China has set up a National Weather Control Center.

Of course on the surface it’s hard to swallow the whole ‘alien presence’ bit. But we’ve reviewed the connection there at length. And New Age sources are quite insistent that other-worldly beings are all part of the plan. Bill Lambert of the Theosophical Society stated clearly that “UFO’s and aliens are part of the New World Order. They are benevolent beings which will aid mankind in attaining the goal of becoming one humanity. They will appear at the proper time to enable mankind to make that Quantum Leap of Collective Consciousness -- when the Anti-Christ appears.”¹²

Another hard part for me was point three: The use of “Artificial Electronic Telepathy” or mind control. I thought it challenged the boundaries of credulity until I stumbled on a website detailing recent American Patents for subliminal suggestion and mind control. Here are just a few examples of the more recent patents issued. Nervous System Manipulation by Electro-Magnetic Fields – 2003, Magnetic Device for Producing a Desired Brain State – 2002, Electric Field Manipulation of Nervous Systems – 2001, Communication System & Method...enabling communication through monitored brain activity and wave analysis – 2000. There were others covering the manipulation of nervous systems

through; Acoustic Manipulation, fluctuating electronic fields, Pulsative Manipulation and a Brain Wave Inducing System patented in 1999. The era of mind-control is no longer some far-future science fiction fantasy.¹³ All of this could set the stage for a “False Rapture”. Next we’ll investigate that possibility.

UNRAVELING THE PROPHETIC PUZZLE

The Bible gives us many clues to understanding the time in which we are living. Recent events have been converging to give us possibly a clearer perspective on the times in which we live. It’s true that “now we see through a glass darkly” (1Corinthians 13:12), still when Christ had briefed his disciples on the signs that would precede His return, He warned them; - “when these things begin to happen, look up...your redemption draws near”. (Luke 21:28)

Recently, President Bush equated the acquisition of nuclear weapons with the possibility of World War III. His pronouncement alarmed many around the world. It drew criticism from the likes of Russian President Putin, who rejects “even the mention of force [against Iran] as a possibility”. Of course Russia has vested interests in the current Iranian regime, with arms & energy deals in place, as well as a chance to make trouble for the US and regain her superpower status. But Israel seemed to take the warning very seriously. The 2 major Israeli TV channels immediately made the Biblical connection, outlining the alignment of potential foes in a World War III scenario, while showing maps that reflected the prophecies of the End Times war found in Ezekiel 38. That war will feature a coalition of nations invading Israel sometime after a peace has been declared. [A settlement of the Palestinian question perhaps?] Definitely Iran, - and some say Russia, - are to play major roles in that End Times invasion. The Israeli news reports put the US, Israel, Britain, France & Germany on one side, opposing Iran, Russia, China, Syria and North Korea.¹⁴ [Note: *The anti-Israel coalition outlined by the Prophet Ezekiel, pointedly leaves out Syria and the Palestinians. As covered here before, the alliance includes Iran (Persia), Turkey and the outer ring of Islamic countries including many of the former Islamic Soviet Republics. It is this writer's humble opinion that Syria, Jordan, Egypt and the Palestinians (all absent from the Magog war), will have already been dealt with as described in the prophetic writings of Isaiah and Obadiah.*] Illuminati writer Peter Lemesurier revealed a quarter century ago, that both China and a nuclear North Korea would be involved in a plan to bring about the New World Order through the artificial creation of the New Christ or Messiah; - who is to unite the world both politically and religiously. But Israel is not the only country noticing the Biblical connection. Joel Rosenberg reveals that he has recently briefed US military leaders at the Pentagon. And so the Word goes forth!

While it is Ezekiel 38 that describes the Magog War that is to come, Ezekiel chapters 36 & 37 have already been or are in the process of being fulfilled already. Witness the return of the Jews to the Land after an 18-century exile, - and the creation of the modern state of Israel. And a quick survey of some of the nations involved will reveal just how far down the prophetic road we may have already traveled. You may remember how President Ahmadinejad declared in the summer of 2005 that the coming of the Mahdi, (the Islamic Messiah prophecy scholars equate with the Antichrist of Scripture), would return in 2 or 3 years. By August of this year he began saying that the Mahdi’s appearance was “imminent”. The Iranian President has been preparing Iran for the event, “building alliances” with Russia, China and North Korea, scratching and clawing to acquire nuclear weapons and upgrade his military.¹⁵ According to Islamic writings, the Mahdi’s reign will be marked by the subjugation of Christians and the slaughter of Jews. *It’s best to be prepared for such important work as that.*

If anything, this knowledge should bring into perspective the nature of the war we are fighting. For decades during the Cold War, a low-level terror war had been waged by the Soviets (Russians) through their surrogates in the Third World including the emerging Arab states. Since the fall of the Iron Curtain, that *clash of ideologies* has morphed into a *war of civilizations*. And overlaid over the whole of planetary politics is the growing impetus toward globalization. Thomas Barnett, author of *The Pentagon’s New Map*, envisions a “Functioning Core” of nations (US, EU, Russia, China & the Pacific Rim countries), that will lead the way to a globalized New World Order. He advocates the application of force by a US led global army, - (he calls Leviathan), - to bring the rest of the non-cooperating world along. To Barnett those outside the *functioning core* include not only Muslims but conservative Catholics, Evangelical Christians and Mormons; - any of the more fundamentalist faiths. This view of the struggle is informing and influencing many in the CFR / New World Order camp.

Now it seems, Russia is both working to both expand the “core” as well as maneuvering for position within it: taking on the US and the West in a drive to recover past power and glory. To that end Moscow has aligned itself with Iran and Syria, and

inserted themselves into the Palestinian situation as much as possible. PM Olmert of Israel recently met with President Putin seeking Russia's support in the Palestinian negotiations. More ominously, the Russians have resumed their terror support against the West. They did this it seems, by sponsoring and training, Ayman al- Zawahiri; - Osama bin Laden's #2 man, and the operational leader of al Qaeda.

Evidence: The confessions of the recently murdered former Russian spy, Alexander Litvinenko. Litvinenko claims that Zawahiri was a trained agent of the Russian FSB, the successor agency to the Soviet-era KGB. A 2002 Wall Street Journal article revealed Zawahiri's contacts with the Russian spy agency back in '96-'97. Litvinenko confirmed that relationship and saying Zawahiri was "not the only link between the FSB and Al Qaeda".¹⁶ There is growing evidence that it was Putin himself that ordered the "very public execution" of the former Russian spy. Russian complicity in the whole terror game is more than plausible given their opposition to an American presence in the region. Anti-American / Western terrorism serves the Russian cause.

As for other nations mentioned by Israeli TV in the WWII scenario: China continues its drive toward world power. Under current President Hu Jintao, - and with the help technology transfers from the US during the Clinton Administration, China has modernized and expanded its armed forces and navy to the point where they pose a very real threat to America's ability to protect its ally Taiwan. In addition, with a currency fixed artificially low against the dollar, China's economy has come to rival that of the US; - and, - according to the Washington Times, - becoming "the world economy's main engine of growth" as measured by the International Monetary Fund (IMF)¹⁷. Meanwhile North Korea is playing an increasing role not only in destabilizing its own region with its nuclear ambitions and continued suppression of its own population, but is now inserting itself into the Middle East. It is believed that it was a shipment of nuclear material from the North Koreans that led Israel to successfully strike that Syrian base back in early September. And this last week, North Korean officials were reported in Damascus discussing ways to aid the Syrians in their quest to regain the Golan Heights.¹⁸ Wars and rumors! And so the prophetic drumbeat goes on!

ACCELERATING BIRTH PANGS

Toward A One World Economy – *Revelation 13 tells us of a global economy where no one may buy or sell without the mark of the beast. The Illuminati have revealed they intend to have a New Age Messiah pick up the pieces after the collapse of the world economy following the chaos of WWII. Now the dollar, on which the entire global-economy is based, is in serious trouble. Countries are beginning to abandon it as the world currency. The Euro reached an all time high against the falling American currency¹⁹ and now the head of the IMF is warning that the dollar is on the verge an "abrupt fall".²⁰*

The Rising New Rome – *Scripture says that a new Roman Empire will be a seat of the Antichrist's power in the Last Days. Now it seems, the EU leadership has agreed on a new deal that would unite the EU, leading to greater political integration.²¹ Former British PM Tony Blair is an early favorite to take the helm as the EU's first longer term President. The European leaders have announce that they intend the organization to be a driving force to "shape globalization".²²*

Toward One World Religion – *The Bible tells us the False Prophet will lead a One World worship of the Beast during the Tribulation. The Illuminati / New Agers are openly working toward that very goal. Delegates of the world's religions met in Naples last week to discuss forming a formal organization uniting the various faiths. Jews, Muslims, Orthodox, Anglicans and others were represented.²³ Pope Benedict met with several of the leaders outside the formal confines of the conference.²⁴*

Damascus In Jeopardy – *Scripture prophecies in Isaiah 17:1 and elsewhere that Damascus will be destroyed in an event much akin to a nuclear strike. Syria may be playing with fire. A Syrian official at the UN confirmed last week that the Israeli air strike had indeed taken out a Syrian nuclear plant. The story was later officially denied by Damascus.²⁵*
