Issue #321

AS IN THE DAYS OF NOAH – PART VIII

THE ULTIMATE DECEPTION! That's where this is all headed. We've seen how an 'alien deception' is a part of the Illuminati / New Age plan to create the New World Order. Acknowledged contact with beings from 'somewhere out there' would deliver a massive blow to the religious beliefs of untold centuries. It could create the moral bedrock on which to build a new system of belief – a One World Religion.

Who Are These Guys ?

“And Jesus answered and said unto them, Take heed that no man deceive you.” (Matthew 24:4)

OK, so before going forward, let's review what we know about the identity of those beings posing themselves as extraterrestrials. Through communications with those they contacted or abducted, these ETs claim to be mankind's saviors; - from earth changes, from wars, from ourselves. They claim to hold a higher form of wisdom. They tell us we are all gods, that all ways are equal, that all religions are equally true. They announce that they are out to abolish the Bible. Some will even say that Lucifer is God.¹

This is what they themselves claim. Yet what's really interesting is what those who study the phenomena, (both Christian & non-Christian), - are saying about them. Chuck Missler & Mark Eastman, authors of *Alien Encounter*, point out that these alien presences practice mental telepathy, automatic writing, and poltergeist phenomena, - all attributes very similar to demonic possession.² Jacques Vallee, arguably the foremost researcher of UFOs, - and not a believer, - finds a striking similarity between those beings that fly the UFOs and demons of religious literature. Speaking of the structure of the common abductee experience, Vallee describes them as being “identical to that of occult initiation”.^{3,4} Researcher's Ankerberg and Weldon documented how the communication of ETs is the same as demons.⁵ Even way back in 1969, Lynn Catoe, doing research for the Library of Congress and the Air Force concluded that the “alleged incidents...are strikingly similar to demonic possession and psychic phenomena”.⁶

The conclusions of the scientific experts go on. Pierre Guerin says that demons and aliens are identical.⁷ Add Hal Lindsey of *The Late Great Planet Earth* fame to the list of believers in the alien-demon connection. Another researcher, Gary Kinnaman believes that these beings make themselves known through the manipulation of matter and energy. Their goal is to prepare mankind for an alien visitation. Just their appearance will break down the belief in man's uniqueness and superiority. The old religions will just not seem to do. As man is made to feel “unenlightened” and inferior, the alien beings will offer telepathic and technological advances that will achieve the great goal of the New Age; - the evolutionary leap forward by man into the Age of Aquarius; - then using that to change the world's belief system. Some believe that just as the Fallen Angels cohabited with women before the flood to produce the hybrid Nephilim, - so the demons posing as alien's, - with their preoccupation with human reproduction, - are engineering a new race of Nephilim to war against God's people during the Great Tribulation.⁸ Again John Mack, Harvard's Pulitzer Prize winning professor of psychiatry, - and seemingly closer to New Age rather than Christian religious belief's, - chimes in that the abduction phenomenon is aimed at “changing human consciousness” and the “joining of the two species for the creation of a new evolutionary form”.⁹

The parallel with the Genesis accounts is now becoming remarkable. Nimrod the demon-human hybrid, (remember, he is referred to as a **“mighty one”**, Hebrew gibborim or Nephilim), and founder of the God rejecting pagan religion is a type of the Antichrist; - first in the line of high priest / kings that will end with the **“man of sin”**. Just like the Antichrist, he institutes a system of religious and civil unity. Then there is this: The New Age Messiah / Antichrist it is widely believed will have a UFO connection. He too is to be a hybrid Avatar, who according to the occult literature will be “tall of stature”, just like Nimrod and the Nephilim, - and will possess great “magic”, the greatest power that “mankind has ever seen”.¹⁰

All of this power is gearing up for one giant deception. It is this unprecedented deception and peoples willingness to go along with it, **“because they did not receive the love of the truth that they might be saved”**, (2Thessalonians 2:10), - that brings about the rise of the Antichrist. It then gets so bad that **“the man of sin is revealed, the son of perdition, who opposes and exalts himself above all that is called God or that is worshiped, so that he sits as God in the temple of God, showing himself that he is**

God” (2Thessalonians 2:3-4) This is the great Falling Away. Oh, and then there’s this one other thing that the New Agers believe: That after this New Age Christ takes power, - those who won’t follow him will be removed. Knowingly or not, they’re talking about the rapture. They’re sort of right about that too.¹¹

Spiritual Clues

This is a concept that is not strange to the occult connected channelers. No doubt informed by spirit guides, New Age author, Barbara Marciniak, writes about 20 million people “leaving the planet at the same time”. In *Bringers of the Dawn*, she tells us: “The people who leave the planet during the time of Earth changes do not fit in here any longer, and they are stopping the harmony of Earth.”¹² Another writer writes how the ones who will be removed are those who “keep the earth held back”. Speaking again of Christians, another says that the “Dark Forces” will be removed.¹³ This way of thinking is affirmed by the *Aquarian Age Community*, a NGO, or Non-Governmental Organization affiliated with the UN. According to their teachings: The New Messiah is not coming for Christians. “He recognizes and loves those that are not Christian but who retain their allegiance to their Founders – the Buddha, Mohammed and others...If men look for the Christ Who left his disciples centuries ago they will fail to recognize the Christ Who is in the process of returning”. This will all occur in the time of the ANTICHRIST, - when realities will be flipped. Isaiah 5:20 passes a judgment on a time such as this. **“Woe to those who call evil good, and good evil; Who put darkness for light, and light for darkness; Who put bitter for sweet, and sweet for bitter!”**

But back to this New Age understanding of the rapture. Most interesting perhaps is a conference of the American Theosophical Society held in 1991, and infiltrated by Cutting Edge Ministries David Bay. Among many revelations regarding New Age / Illuminati plans to produce the Antichrist, (such as a new Temple in Jerusalem and plans for a One World Religion), the conferences moderator, Bill Lambert revealed the occult’s belief in a coming rapture event. Thanks to Mr Bay who kept detailed notes. Here is a summary of what he published in Cutting Edge News #1052.

At this Seminar, held in 1991, Bill Lambert described three groups of people on earth when the new messiah comes. Those who will immediately accept him, those that may accept him after some time and, in the third group, those that could never possibly accept him. Just listen to what he had to say about the fate of members of that third group. He compared them to people who had spent their whole lives living in a darkened room. When the light is shined into this room, these people will not be able to handle the light and will want to get out of there as fast as they can. He says these people will, (his phrase now), “elect to leave for another room.” When questioned he elaborated some. These people will not be able to just will their spirit to leave this world, nor will they commit suicide. Quoting again, “I do not know how it will happen, but these people will leave this dimension.” Further, he is saying that this departure for ‘another dimension’, will occur right after the appearance of the New Age Christ. This is what their Guiding Spirits, (demons), are telling them. – This can refer to none other than the rapture of the Church. Born again Christians would be the group that could never accept the “Christ.”

David Bay went on to describe a New Age Conference held in Aspen in 1987, which explained it this way. At the arrival of the Christ there will be many people who, despite his ‘many signs and wonders’, will not be able to accept him. So the ‘Masters of the Logos’ will remove these people from this earthly dimension – so the Christ will not have to deal with their ‘collective aura’. Their negative energy would impede moving mankind to a higher level of consciousness.¹⁴

Their doctrine describes not only the Rapture, - but the Tribulation too. Another New Age writer, Ruth Montgomery, in her book, “Herald of the New Age”, talks about “millions that will pass into the spirit”. In her work which she admits was written through ‘automatic’, or demonically inspired writing, she further says that afterward there will be a cleansing that will kill about 50% of the population of the earth. This reminds one of the Biblically predicted carnage of the end-times.¹⁵ Other writers say that afterward about 2 billion people will be “cleansed”. *That sounds like that other great worshiper of the dark side, Adolph Hitler.*

So the New Agers are being told that the Christians will be taken out first, - just because they couldn’t make the cut. Thelma Terrell wrote a book on the subject called *Project World Evacuation* back in 1993. She assures her New Age readers not to worry, “...your time will come later”.¹⁶ Kay Wheeler describes the process as an Earth Cleansing.¹⁷ *And thus it will be!*

So we see the New Age preparing the world for Alien invasions and One World Religion and Government and a brand New Christ. Former Vatican connected Jesuit, the late Malachi Martin, communicated often but rather cryptically about how developments from outer space would soon impact human destiny. Martin believed that there is coming soon some “sign in the sky”. Tom Horn quotes another Jesuit, Argentinean astrophysicist, Jose Funnes saying “extraterrestrials exist and are our brother”. Yet another Vatican theologian announced that the notion that man was ‘created’ by alien beings is “something that Christianity is coming around to”. Thus he takes flight from the safety of Scripture and orthodox Christian thought, - thereby diminishing the role of God in the whole matter of creation.¹⁸

Cooperating With Demons

So let's make a U-turn here and connect that last thought by returning to something we discussed back near the beginning of this series; Transhumanism. You see, Transhumanism is becoming the vehicle for the advancement of the New Age agenda; the ultimate evolution of mankind – into kind of a godhead of its own. Recall what these scientific advances that fall under the Transhumanist umbrella are offering mankind in the very foreseeable future. Researcher Carl Teichrib offers this explanation.

- “Highly advanced intellectual capabilities”
- Bodies that are “immune to disease and aging”
- Telepathic communication of complex thoughts
- Higher awareness through “expanded sensory inputs”
- “Increased capacity to experience joy, love, pleasure” etc
- Designer babies
- Genetically modified human beings
- Human-animal DNA combination organisms
- The human brain plugged into Artificial Intelligence – a global-networked computer system
- Microscopic nanobots injected into our bodies in order to manipulate our cells and tissues and brains¹⁹

They are working very hard on “*a point in a future time when technological change takes place so fast it produces a qualitative shift in society: the birth of a super-intelligence, the merging of Man and Machine.*”

This is leading somewhere very dangerous on the spiritual front. Transhumanists believe that science is moving mankind into a new dimension. The dimension of godhood! Mark Pesce, a leader in the field, touts the transcription of the genome and declares: “[N]ow nothing is true and everything is permissible. And now we will reach into the improbable, re-sequence ourselves into a new Being, de-bugging the natural state, translating ourselves into supernatural, incorruptible, eternal. There is no God but Man.”²⁰ Richard Seed, another Transhumanist got more confrontational with Christians that might object to the shape of things to come. “*We are going to become Gods. Period. If you don't like it, get off. You don't have to contribute; you don't have to participate. But if you're going to interfere with me becoming God, we're going to have big trouble. Then we'll have warfare.*”²¹

You don't have to go far to see the Biblical basis of all of this. It was the Serpent's temptation to Eve when he enticed her to eat of the “**tree of the knowledge of good and evil**”, telling her, “**ye shall be as gods**”. That is the ultimate temptation. (Genesis 2:17 & 3:5) (KJV) That too, was the reason for the fall of Lucifer, that most-beautiful angel and worship leader of God in the heavens. It was at the height of his glory that Lucifer said in his heart: “**I will ascend into heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation, in the sides of the north: I will ascend above the heights of the clouds; I will be like the most High.**” (Isaiah 14:13-14) (KJV)

Now while we don't have the space to explore it fully here, I must make mention of an interesting phenomenon with regard to supporters of this subject. The Mormon Church – The Latter Day Saints – are great proponents of the goals of the Transhumanist movement. And it is for this very reason. The founder of Mormonism, Joseph Smith himself, has declared that the goal for his followers must be to “learn how to be gods yourselves”. “*God himself was once as we are now*”, he said. Human's are to “*inherit the same power, the same glory, and the same exaltation, until you arrive at the station of a god, and ascend the throne of eternal power.*”²² Carl Teichrib quoted one Mormon journal as follows: “*Mormon tradition teaches that the eternities consist of innumerable heavens of types and degrees toward which our world may advance. These heavens are inhabited by a plurality of gods whom we may join as we emulate and become as God.*” The other famous Mormon leader, Brigham Young went even farther with his explanation. “*We believe there are many, very many, who have entered into power, glory, might, and dominion, and are gathered around them thrones, and have power to organize elements, and make worlds, and bring into existence intelligent beings in all their variety, who, if they are faithful and obedient to their calling and creation, will in their turn be exalted in eternal kingdoms of the Gods.*”²³

It is no coincidence that these theological ramblings have much in common with the New Age plans for a coming One World Religion as expressed in their literature and the practices of much of neo-paganism and the doctrines of Freemasonry. [We've run the plow over that field many times in the recent past, and I will not do so again here.] Former Satanist Bill Schnoebelen lifts the veil on “how Magick, Masonry, and Mormonism's Temple ceremony are the same.” It is all part of the New Age / Global Religion deception.²⁴ What can we conclude then, but that the temptation / deception / rebellion of the Last Days will be the same as in the first. [This is perhaps one way that can make sense of the passage found in Revelation 17, when the Ten Kings of the Antichrist system go to war against God Himself. “**These will make war with the Lamb, and the Lamb will overcome them, for He is Lord of lords and King of kings.**” (Revelation 17:14) They believe that they are like unto gods!]

Perhaps this is all best summed up in the words of Max More, Transhumanist and atheist. – as reported by Carl Teichrib. It was at a Transhumanist conference sponsored by the Mormon Church. They were discussing the antipathy of Bible believing Christians to the agenda they hold dear. More told the audience, “*I'm not the spawn of Satan, I'm the spawn of Lucifer.*”

Teichrib recalled the words More had written back in 1991. *“Lucifer is the embodiment of reason, of intelligence, of critical thought. He stands against the dogma of God and all other dogmas. He stands for the exploration of new ideas... Join me, join Lucifer, and join Extropy in fighting God and his entropic forces with our minds, our wills and our courage. God’s army is strong, but they are backed by ignorance, fear and cowardice. Reality is fundamentally on our side. Forward into the light!”* We should not be shocked. The Apostle Paul tells us that **“Satan transforms himself into an angel of light.”** (2Corinthians 11:14) And here’s the Scripture’s verdict on all of that. **“Woe to those who call evil good, and good evil; Who put darkness for light, and light for darkness.”** (Isaiah 5:20)

PREPARING FOR THE COMING STORM

In case you haven’t noticed, Europe is catching fire. And the PTB are scrambling around trying desperately to put out the flames before the whole thing catches. Governments across the continent are struggling with massive debt and budget shortfalls - and populations are starting to react. In Britain thousands of students – in London and elsewhere – took to the streets to protest massive hikes in tuition. A police van was broken into and two officers injured. Territorials – (kind of like our National Guard) – were rushed in as reinforcements.²⁵ Ireland stood on the brink of financial collapse until European governments – desperate to salvage the EU experiment – handed the Irish a \$113 billion bailout through the International Monetary Fund to salvage their economy. But faced with the required austerity measures that came with the IMF offer, Irish protesters, too, hit the streets. Over a hundred thousand took to the streets in Dublin – and again there were clashes with police. Much of the trouble came even before the bailout deal was finalized. Bankers fear that “the contagion will quickly spread” to Spain and Portugal. As Robert Samuelson of Real Clear Markets explains: The Irish crisis is “not about Ireland”. It’s about European socialism, European currency and European unity. (And fueled by the looming specter of national defaults and the bailouts present and to come, the drop in the value of the euro is picking up steam.²⁶) So at stake is the very model of multi-national regionalism that the proponents of global government hope to use as the vehicle to achieve their goal. Failure to maintain a healthy European Union would likely bring chaos in the form of higher taxes, higher unemployment, diminished social services and benefits and a lowering of the general standard of living. That is the scary scenario against which the people’s rage. Unfortunately, it may just be the inevitable reality. For far too long, governments have promised and delivered much more than could be afforded. It’s coming time to pay the piper.^{27 28 29 30}

Meanwhile, the US government is preparing for just the same sort of scenario to develop here in America, led by the Pentagon and the military / security establishment. According to CNBC, a seminar will be held in December of this year in which the Army will be cooperating with the likes of JP Morgan to “learn more about a financial and economic attack” on the country. In addition, they’ve been conducting a year-long war game dubbed Unified Quest 2011 which looks at the implications of “large scale economic breakdown”, maintaining “domestic order amid civil unrest” and “ways to deal with fragmented global power and drastically lower budgets.” They are actually preparing for the outright collapse of our economic, social and political system. As part of those preparations large underground bunker systems are going up across the country to house those functions necessary to maintain the “continuity of government” in the face of a natural disaster. US military personnel and National Guard units have been being trained in techniques of mass detention and riot control. Writing in The Market Oracle, Marc Slavo warns that in the wake of a total economic collapse could “lead to an inability to perform daily transactions with the U.S. dollar, food supply disruptions, violence and looting, and even a completely ‘down-grid’ where utilities are completely out of service. If you haven’t, what would you do if you awoke to news of a total meltdown in the US dollar - one that led to rejection of the US dollar as a currency for international settlement?”^{31 32 33}

ISRAEL: THE PARIAH STATE

The Bible tells us that in the Last Days all the world will turn against Israel and concern itself with the fate of Jerusalem. Now the US is joining the chorus...with its silence. At a meeting of the UN Human Rights Council, Syrian and Lebanese officials berated Israel, with such statements as: “There is no other terrorism on the surface of the planet like the terrorism committed by Israel. This entity was established on the basis of terrorism” and “There is one single terrorism in the Middle East. It is the Israeli state terrorism.” When it was Israel’s turn to speak, their “presentation then was interrupted by the Council president...who broke in to recognize a “point of order” by the delegation of Lebanon. ‘If there were no Israeli occupation there would have been no resistance and resistance of peoples against foreign occupation is a legitimate right. Thank you.’ A round of applause erupted in the hall. The Council president followed up, “I appreciate the concern expressed by the Lebanese delegation.” The American delegation cursed them with their silence.³⁴ But God said of Israel: **“And I will bless them that bless thee, and curse him that curseth thee.”** (Genesis 12:3) (KJV) Dangerous territory, that!
