END GAME – PART I

We live in the Age of Chaos! We live in the Age of Deceit! We live in an age when there is no safety in the familiar, when right and wrong have exchanged places taking morality beyond recognition, and when man and nature are seeming to cooperate is destroying both our security and our peace of mind. But fortunately God is still in control. The Scriptures have given us a template whereby we can make sense of this frightful, confusing world we live in. The Prophets and Jesus Himself have spoken volumes about the days in which we are living. In this series we'll look at today's events in the light of the prophetic architecture that the Bible has put in place to help us understand the time that just precedes Christ return.

INTRODUCTION: DISCERNING THE TIME

“Whenever you see a cloud rising out of the west, immediately you say, ‘A shower is coming’; and so it is. And when you see the south wind blow, you say, ‘There will be hot weather’; and there is. Hypocrites! You can discern the face of the sky and of the earth, but how is it you do not discern this time? (Luke 12:54-56)

All of history can be seen, and judged, in the light of man's rebellion against God. That revolt against the divine order has continued through every generation, even down to this day. The Bible has recorded it before it happened. Our generation is witnessing its unfolding. That means that all of history is somehow connected. Nimrod's attempt at building the Tower of Babel is part of the same struggle as the maneuverings of the global elites to usher in the era of One World Government. Rome's quest to rule the ancient world is part of the process that is birthing a New World Order of Super Nations like the EU and the forming amalgamations of South America, Africa and a nascent North American Union. So too is the age-long struggle between Arab and Jew; - with its' origins in the enmity that existed between Ishmael and Isaac, - the sons of Abraham. So too are our constantly evolving attempts to throw off the morality of a Creator God, establishing instead our own flawed moral code. So too is the story of the World Wars of the last century, the Holocaust, and the terror that threatens our very existence today. And perhaps surprisingly to some, we will come to see that its current manifestation is but the outworking of a satanically inspired plan to bring about a New World Order. The Bible talks of this. It will see its triumph in the short-lived, global-government of Antichrist. The chaos is a tool used to achieve that plan. Let's begin.

This *IS* an Age of Chaos! Following are some of the major stories in today's news: The IMF & several nations want to replace the US Dollar as the world's reserve currency; - Central banks are selling off dollars, getting out of US Treasury Bonds and buying gold; - US credit rating is facing a downgrade; - Economists and think tanks see dollar collapse before 2012; - Greece, Italy, Spain near economic collapse and revolt; - The Arab Spring is bringing Islamic Fundamentalists to power in Egypt, Tunisia, Libya and threatening Syria, Jordan and others; - Palestinians getting ready to declare statehood with cooperation of UN General Assembly; - Famine in East Africa threatens 3.5 million; - US is preparing 'Stability Police' as large and as well funded as US military; - Pentagon readying up to 20,000 troops for use against civilians; - Terror in Norway kills dozens; - China & US heading for showdown over oil and gas; - China is building EMP weapons for use against US carriers; - IRAN: Supreme Leader gives go ahead for nuclear bomb by 2011; - Headline: "Iran Developing Bombs that Can Hit US East." Headline: "Pastors say homosexuality not a sin"; - and the list goes on. Here's what all of these stories have in common: They all fit into the Prophetic Biblical Template. They are all but pieces in the prophetic puzzle, easily assigned meaning once we've familiarized ourselves with the blueprint of God's Plan for the End of the Age.

In approaching this subject there are a few key points that we must keep in mind. We are not free to ignore God's warnings. These prophecies of His return were given for a purpose and for a set time in history. Here is the first thing:

1. GOD HOLDS US RESPONSIBLE TO KNOW THE TIME OF OUR VISITATION

We are given no choice in this matter. When Christ came the first time He came fulfilling dozens of prophecies given by the Old Testament prophets. Daniel 9 even gave the exact timing of His appearance – down to the very day. By their writings we know that the rabbis of that day were familiar with those prophecies. They were expecting the Messiah. But they chose instead to stand fast in their rebellion. Thus when Jesus entered Jerusalem for the last time he wept – not for

Himself, but for those who were choosing to reject Him. **“Now as He drew near, He saw the city and wept over it, saying, ‘If you had known, even you, especially in this your day, the things that make for your peace! But now they are hidden from your eyes. For days will come upon you when your enemies will build an embankment around you, surround you and close you in on every side, and level you, and your children within you, to the ground; and they will not leave in you one stone upon another, because you did not know the time of your visitation.’”** (Luke 19:41-44) That was literally fulfilled about 37 years later when Jerusalem was destroyed, the Temple torn down stone by stone and over a million Jews slaughtered by the occupying Roman army. But it is not a message only for our own self preservation. The Prophet Ezekiel warns us that as we see the day approaching – it is our duty to warn others. **“But if the watchman sees the sword coming and does not blow the trumpet, and the people are not warned, and the sword comes and takes any person from among them, he is taken away in his iniquity; but his blood I will require at the watchman’s hand.”** (Ezekiel 33:6) – But there’s a good sign to this: As we see the signs of Christ’s impending return, we are told by Jesus Himself: **“Now when these things begin to happen, look up and lift up your heads, because your redemption draws near.”** (Luke 21:28)

2. **ISRAEL IS THE KEY TO UNDERSTANDING BIBLICAL PROPHECY**

If we keep this point in mind we’ll be able to start to unravel all of End Times prophecy. The Tribulation for instance, talked about in Revelation is all about completing the final week (7 year period) of Daniel 9’s 70 Weeks prophecy. (We’ll explain that all later.)

3. **THERE IS A PLAN TO BUILD THE KINGDOM OF ANTICHRIST**

This can be a hard one to swallow – but it’s true. The are plans afoot in very high places to create a New World Order that amazingly looks exactly like what the Book of Revelation says it will look like. As we compare what’s going on in the world with prophecies in this area – you’ll be able to put a lot of what’s going on into context.

Thus as we head into this study, the most important point of Lesson 1 is that we are living on the cusp of the Last Days – in the time just prior to Christ’s return to the earth. As we unfold prophecy, we’ll be able to see with increasing perception, just how things all fit together. That in turn will give us a sense that God has everything under control. And because He has everything under control...and because He loves His children and promises to keep them from wrath: We can know that as we press in we are safe in the arms of the Almighty. There is nothing that our loving Father, Abba (Daddy) will ever let happen to us without His consent and approval. We are totally under His everlasting protection.

CONNECTIONS: A RUMOR OF WAR

A high ranking veteran CIA officer with over 20 years experience in the Middle East told an LA radio interviewer that Israel is preparing to hit Iran in the very near future. Robert Baer referenced comments by the former head of Israeli intelligence unit, Mossad, that *“tell us with near certainty that Netanyahu is planning an attack...[and] it’s probably going to be in September before a vote on the Palestinian state.”* He further said that the Pentagon was in an active state of preparation *“for conflict with Iran”*. He expects that Israel will go after the Iranian nuclear facility at Natanz, along with “a couple” of other site. Then Iran will strike back at US forces in Iraq, hitting targets in Baghdad and oil rich Basra. He does not believe that this will turn into a general conflict.¹ [Interestingly, the British writer and ‘One-Worlder’ - HG Welles – (who in his 1933 book *The Shape of Things to Come*, predicted that the outbreak of World War II would occur out of a dispute between Germany & Great Britain in about 1940) – also predicted that World War III would have its origin *“from some future event in Basrah, Iraq.”*]²

Recall that the Iran Press revealed recently that the Ayatollah Khameni has given the go-ahead to develop nuclear weapons by 2012. In addition, it was reported in June that the Iranian military *“carried out secret tests of missiles capable of delivering a nuclear payload.”*³ Iranian actions would be driving any sane Israeli government to at least consider a limited attack against Iranian nuclear plants to slow down their drive to produce home-grown nukes. [I make that distinction of having ‘home-grown nukes’, because of the rather copious evidence coming from intelligence sources, that tell us that the Iranians purchased some ‘off-the-shelf’ weapons from one of the former Soviet Republics. This was confirmed by both Russian General Baluyevsky and sources within the Israeli government, who purport to have possibly up to four warheads acquired from the former Soviet Republic of Kazakhstan, in the 1990’s.]^{4 5}

There are prophetic implications to any developments in this area. The Bible, in Ezekiel 38, clearly names Iran as one of the leaders of a Last Days coalition that will invade Israel. This invasion however, will only occur when Israel is at peace, and feeling secure. Ezekiel 38:11 says that Israel’s enemies will **“go up against a land of unwalled villages; I will go to a peaceful people, who dwell safely, all of them dwelling without walls, and having neither bars nor gates.”** That is certainly not the case today – but will be, once the Antichrist will **“confirm a covenant”** with **“the many”**. (Daniel 9:27) And that is likely not to occur until Israel fights and wins the Psalm 83 War with the inner ring of its Arab neighbors – that

sets up the whole 'Israel at peace' – thing in the first place. By the way, that Psalms 83 coalition is forming up right now. That coalition is to include the Palestinians, Lebanon (Hezbollah) and Egypt – which is fast coming under the dominance of the Muslim Brotherhood, who call for the abrogation of the peace treaty with Israel. Jordan is there also. If we include Isaiah 17, we can add Syria in too. That prophecy tells of the destruction of Damascus. Taken together the passages in Psalm 83 and Isaiah 17 tell of a plot against to destroy Israel, - wipe them off the map, if you will. The psalmist puts it thus: **“They have said, ‘Come, and let us cut them off from being a nation, That the name of Israel may be remembered no more.”**” (Psalm 83:4) The words mirror almost exactly those oft times uttered by Iran’s President Mahmoud Ahmadinejad, or found in the Hamas Charter. Polls tell us it is the sentiment of the majority of Palestinians, who see the 2-state solution as only a stepping stone to the final annihilation of Israel. The Prophet Isaiah gives us an account of that war, as it will play out on the Syrian Front. **“The burden against Damascus. Behold, Damascus will cease from being a city, And it will be a ruinous heap....The nations will rush like the rushing of many waters; But God will rebuke them and they will flee far away, And be chased like the chaff of the mountains before the wind, Like a rolling thing before the whirlwind. Then behold, at eventide, trouble! And before the morning, he is no more. This is the portion of those who plunder us, And the lot of those who rob us.”** (Isaiah 17:1, 13-14)

There is an interesting dynamic to all of this that befuddles the mind...should one assume that the world is being run by 'men of goodwill'. I no longer do so. The chaos that is...and the Chaos that is coming – is born of more than mere incompetence! We – the US – the West – are actually encouraging the revolutionary forces that are forming in the Middle East. We are making nice with the Muslim Brotherhood – the same organization that gave birth to Hamas and al Qaeda – and that seeks our destruction and that of our ally, Israel. In addition, we are pushing that ally to make peace with a people committed to their very annihilation. We are setting up Israel for war. And the likely next step in that peace process – a declaration of a Palestinian State by the General Assembly of the UN – could in the view of many observers, serve as the catalyst for the start of that war.

Let’s go one step further. This all ties in with the revelations that this newsletter published back in March of 2010. At that time we referenced a story broken by Bill Ryan of Project Camelot. Ryan is a respected researcher on the coming New World Order. Back in January of 2010 he interviewed a man that will remain anonymous. Mr Ryan claims that he thoroughly vetted his subject for authenticity and that he really is who claims to be; - which is retired British military, (involved with the missile program), and a senior executive in the City of London. City of London is shorthand for the UK equivalent of the very center of the Wall Street financial power, - and is arguably considered in some circles to be the real center of the globe’s finances. Back in 2005 he attended a meeting of Senior Masons in the City of London. At the meeting the British military guy, who Ryan refers to as W (for witness) in the transcript, outlined what he heard, much of which was outlandish beyond belief – especially in the casualness with which some subjects as nuclear war and the slaughter of billions of souls through biological weapons – were referred to by dozens of ‘insiders’ that seemed to be ‘in on’ the plan. These were not the decision makers – for the most part – but were more at the operations level, carrying out decisions that had had long ago been decided. W did say that there were some senior officials present, big-wigs from the Conservative Party, and high ranking members of the Church of England. Because of his position he was assumed to be part of the group that was ‘in the know’. It was the one and only meeting that he attended. Driven by conscience, W finally came forward to warn the world of what he (W) is convinced is on the near horizon.

W asserts that all the preparations are already in place. A major part of that preparation was the financial collapse of October 2008. We’ve noted here before that the entities that ‘made out’ when all the government money was being thrown around were those that were ‘connected’ to the international banking and finance houses throughout the globe. Even when paper losses were being absorbed it was resulting in a stronger control of the market by Illuminati bankers. W put it like this, the financial collapse was merely the “centralization of financial resources.” It is all part of a scenario being worked over many generations. Even World War’s I & II were a part of the plan. Here are Bill Ryan’s bullet points of the most important points in his exhaustive interview with W.

- *“There is a planned Third World War, which will be nuclear and biological. Our source believes that this is on track to be initiated within the next 18-24 months.*
- *It is planned to begin with a strike by Israel on Iran. Either Iran or China will be provoked into a nuclear response. After a brief nuclear exchange, there will be a ceasefire. The world will be thrown into fear and chaos - all carefully engineered.*
- *The extreme state of tension will be used to justify heavy social and military controls in all western first world nations. Plans are already in place for that.”* 678

Ah, but there’s one further connection to make. This 2010 revelation lines up quite well with the 1980 tome, The Armageddon Script, by Peter Lemesurier that revealed the long range Illuminati plan to bring the New Age / Masonic Christ to power. That plan too featured a ‘Super Crisis’ that was to begin with an Arab-Israeli War in the Middle East – (won by

Israel, by the way) – and proceed on to a nuclear crisis in North Korea, a conflict with China and a stock market crash – among other things. All of this was to be humanly engineered. As Lemesurier put it: “*If the Messiah is to appear, then he must be produced.*”⁹

Now all of this, I admit, sounds rather fantastic. But let’s look at just one more thing – the financial piece - that is setting up to unroll over the next several months. The United States may go in to default. Default or not, it is becoming likely that our credit rating will be downgraded. That will make it more expensive for us to borrow – which will make it more likely that we will go into default. With money more expensive to borrow, states and municipalities will not be able to meet pensions & medical bills & salaries perhaps. The markets – stocks, T-Bills, and currency – will all be massively affected. Russia, China and other nations are maneuvering to engineer or at least be favorably placed when the dollar falls. When / should – the dollar collapse – it will no longer serve as the world’s reserve currency. The US will no longer be able to print money at will. Our lifestyle will collapse as governments will not be able to meet obligations – and the buying power of the American household drops massively. LEAP 20/20 believes that we could lose 30% of our buying power within about a 6 week period – once the stuff hits the fan. [And LEAP’s been right about this entire crisis – month by month & event by event – since at least about a year before it hit.] The convergence of prophecy is remarkable. The conformation of the conspiracies of man to the pronouncements of God is beyond amazing. So before you relegate all of this to the ‘Kook File’, keep an open mind and take a look as we examine the evidence. Sometimes ‘Conspiracy’ and ‘Reality’ can both be operating!

THE BUDGET BATTLE: TRUTHS & LIES

OK, I’ve got to get this first thing settled before we can go on. No matter what the President and Congress do on or before August 2nd, when the debt ceiling is reached – THE UNITED STATES WILL NOT GO IN TO DEFAULT! And if they do – IT WILL BE BY THE CHOICE OF THE ADMINISTRATION – yet another politically calculated move. Yes, the debt ceiling will be reached by that date. And there will have to be changes that are made. The US Government would have to start to prioritize – and there would necessarily be program cuts. But default, by definition, is when you do not pay your creditors. If you don’t believe me, you can believe the Obama administration. According to reports, the White House has been quietly telling execs at the major banks that – even if a deal isn’t struck – the government has no plans to go into default. America has enough in monthly tax revenues coming in to continue to pay the interest on its debts, the Defense Department would still receive enough to go on – and despite what President Obama has said in trying to gain political advantage – seniors would still receive their Social Security checks. Still, these are dangerous waters we navigate in.^{10 11 12}

The danger lies in the threatened downgrade of US securities being threatened by the credit rating agencies Moody’s and Standard & Poor’s USA. A decrease of the US rating from AAA to AA would necessarily mean higher borrowing costs; not just for the federal government but also for states, companies and individuals. And that would be a giant drag on the economy. Watchdog quotes Shadowstats economist John Williams. “*If I were to script a scenario as to how the United States quickly could debase the U.S. dollar with maximum impact, impairing the dollar’s reserve status and dwindling global credibility, and accelerating the movement towards a U.S. hyperinflation, it would be extremely difficult to come up with a more destructive course of action than what already is taking place in Washington, D.C. The chances of a U.S. debt default remain nil, but risk of a U.S. sovereign credit rating downgrade—though small—is increasing.*”¹³

So take this one step farther. Purposeful or not: The failure to get the budget under control – to spend within our budget and stop running deficits – is in effect an assault on the dollar. We’re borrowing and spending ourselves into the situation that would have the American dollar lose its status as the reserve currency of the world. Not to worry! The Elites have something in mind for just that scenario. They’ve been planning and campaigning and maneuvering for just the right crisis to put their plans for a world currency into effect. It will be (relatively) gradual – and seem like the natural and best outcome of a very nasty crisis. It will likely entail the use of something called SDRs (Special Drawing Rights) – which draw their value from a ‘basket of currencies’. The dollar will fall sharply over time. (The very accurate think tank, LEAP 20/20 believes it will drop a full 30% from when the ‘stuff starts to hit the fan’. And they think that could come as early as this Fall.¹⁴) It may also involve use of transitional regional currencies; a la the Euro. The one designed for North America – (Canada, Mexico and the United States) – has been dubbed the Amero. Whether this crisis will be the catalyst to drive us into a New Global Financial Order; be the triggering mechanism for a longer slide; - or just move us incrementally in a desired direction remains to be seen. Nonetheless, the Elites, the PTB have made it known through their papers and leading economists and direct statements that a global economy with a single One World Currency is what they are after. America superpower status – in both the military and economic spheres is what stands in the way. So it stands to reason that anything that knocks the US down a peg or two – advances their cause – and moves the world closer to their coveted New World Order.
