## ZEW'S NEWS REVIEW

November 27, 2011

Issue #372

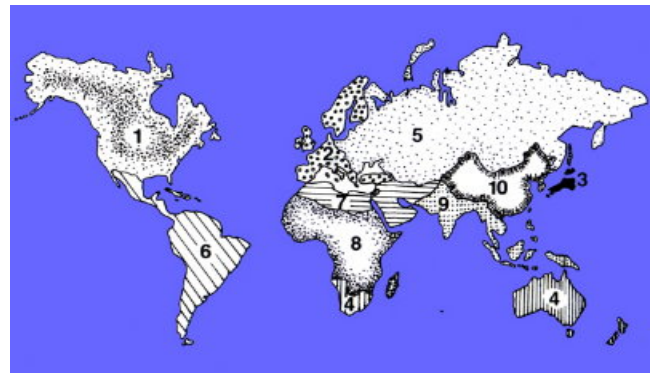

### BUILDING AC'S KINGDOM

The Powers-That-Be have an agenda. And they've not been shy about sharing it. Their goal is to set up a One World Government that will control every aspect of life; political, economic and even religious. In fact, this is a plan that has been in effect for centuries. It will succeed – for a time – under the auspices of the Antichrist. In fact it was Zbigniew Brzezinski; a member of the Council on Foreign Relations (CFR), a co-founder of the Trilateral Commission and the chief foreign policy advisor to President Carter as well as an advisor to President Obama that kind of gave away the store back in 1995 at Mikhail Gorbachev's State of the World Forum. It was there he revealed the agenda of the New World Order. *"We cannot leap into world government through one quick step...The precondition for genuine globalization is progressive regionalization"*.<sup>1</sup> He went on to describe his goal as *"a more controlled society. Such a society would be dominated by an elite, unrestrained by traditional values"*.<sup>2</sup> Did you catch the import of what he was saying? The goal, - that he and others among the world's movers and shakers have, - is WORLD GOVERNMENT, and the means to get there is the organization of nation states into regions; a la the EU. But in saying that, he was only confirming the conclusions of a report financed by the Rockefeller Brothers Fund in 1959. *The Mid-Century Challenge to US Foreign Policy* laid out their goals for all who would see. *"We cannot escape, and indeed should welcome, the task of helping to shape a new world order in all its dimensions – spiritual, economic, political, social"*.<sup>3</sup> Revelation 17:12-13 confirms that there will come a time – at the Time of the End – when these visions will indeed come to pass. **"The ten horns you saw are ten kings who have not yet received a kingdom, but who for one hour will receive authority as kings along with the beast. They have one purpose and will give their power and authority to the beast."** Thus there will be a time when **"kingdoms"** that do not exist – will accumulate power and in turn transfer that power to the World System – 'The Beast'.

Thus it was, that beginning in 1968, the globalist Club of Rome – (an informal creation of the Council on Foreign Relations and the Bilderbergers) – introduced its plan to divide the entire globe into ten economic / political regions as part of their *"Regionalized and Adaptive Model of the Global World System."* Regions are to include the European Union, a North American Union etc. A 1974 book by Mihajlo Mesarovic & Eduard Pestel, titled *Mankind At The Turning Point*, fleshed out their plan even more.<sup>4 5</sup> With all this as background let's look at a couple of advances towards the realization of that vision that occurred just this past week.

First of all, three former Soviet states announced that they had taken *"the first steps towards creating a Eurasian economic union."* Russia, Kazakhstan and Belarus are working toward what the Kremlin characterized as the *"ultimate aim...the creation of a Eurasian economic union."*<sup>6</sup> David Bay of Cutting Edge Ministries points out that this is the first substantial material progress there has been toward the creation of what the Club of Rome designated as Supernation #5.<sup>7</sup> The Kremlin went on stating: *"The commission -- the first such in post-Soviet history -- will be neutral in relation the countries involved and will gradually take on national powers."*

The Club of Rome's vision of the New World Order

Meanwhile in Europe proper, Jose Manuel Barroso, President of the European Commission, declared: *"A HUGE European superstate is the only solution to the economic crisis engulfing the continent...What we need now is a new, unifying impulse, a new federalist moment - let's not be afraid to use the word. The right way to stop the negative cycle and strengthen the euro is to deepen integration."*<sup>8</sup> So what he is calling for is a EU with real teeth; a true political entity. He wants a *kingdom that is not* – to receive a kingdom. The contrived economic crisis is accomplishing exactly what it

was intended to: It is serving as the impetus to drive the populations of Europe toward accepting the establishment of the European Union as a fully integrated political entity at the cost of the separate national identities of the individual states. To drive home the point, Italy's newly elected Prime Minister Mario Monti is firmly connected to the globalist agenda of the elite with ties to Goldman Sachs and *"at least two of the most influential cabals in existence today: the secretive Bilderberg Group and David Rockefeller's Trilateral Commission."*<sup>9</sup>

### **A GREAT AMERICAN APOSTASY – PART III**

*Last issue we visited the Cathedral of St John the Divine, seat of the Episcopal Diocese of New York. In the process we catalogued some of the tortured philosophical / religious connections held by that body as it wandered into full fledged heretical relationships with the New Age and the occult. We looked at some of its 'prophetic' architecture and noted its propinquity with one David Spangler – who is immersed in – and – convinced of – the truth of Luciferian doctrine. And that's our jumping off point for PART III; the dark and purposeful program of the New Age.*

#### **A LUCIFERIAN AGENDA**

**"The coming of the lawless one is according to the working of Satan, with all power, signs, and lying wonders, and with all unrighteous deception among those who perish, because they did not receive the love of the truth, that they might be saved."** (2Thessalonians 2:9-10)

Scripture tells us that there is a man coming who will be the embodiment of wickedness. He will exercise what the people of the world will see as real spiritual power...but it will be based in lies. This future 'Christ' poseur will amass a giant following among those who **"did not receive the love of the truth"**. It is a scary thing indeed!

The New Age is selling a Lie! It is a big Lie and to those that buy into it, it bequeaths the putrefaction of death, spiritual blindness...and eventual and certain destruction. Following are some of the lyrics of a song from my youth. It was popularized by a group called the Fifth Dimension. It's called 'The Age of Aquarius' and it talks about the New Age that is dawning on planet earth – especially for the 'spiritually enlightened'.

*"When the moon is in the Seventh House - And Jupiter aligns with Mars - Then peace will guide the planets  
And love will steer the stars - This is the dawning of the Age of Aquarius"*<sup>10</sup>

Ah, what a picture of peace and love and goodwill! Ahhh, what a load of crap! Here's one, Ted J Rucker, a New Age adherent explaining just how we are entering this New Age; this Age of Aquarius. *"A great change is upon us, 'the end of the world' is the phrase used in the Bible. We have come to understand that this [is] not some vision or warning of a great, horrifying apocalypse, or even of Judgment Day. This great and ordered change in the energies available to us is the next step in humanity's evolution. The Age of Pisces in which the great world Savior, Christ, arrived, will come to an end. With the arrival of the Aquarian Age, humanity begins its 'entrance into heaven' - the Spiritual Kingdom....[through] the fusion or blending of soul and form to produce the incarnate Christ in all."*<sup>11</sup> You see, it is never enough for the New Age to present their own distorted version of reality. In the process they must without fail, adapt Christian language and distort the Truth of the Gospel message. So gone is the Apocalypse and Judgment Day...and in its place...well we should all just realize our own divinity.

So how are we to achieve this astounding transformation? Well it is through the good offices of 'The Christ'. He will teach us to live in peace and harmony with each other. In addition he will establish a New World Order that will exercise global control over the economy – including food and water distribution. But if you're thinking that these folks may be a little 'uber-visionary' but basically harmless: You would be wrong. They are a dangerous bunch indeed.

What the New Age Movement really is – is a global network of cooperating organizations engaged in setting up a New World Order. They are deeply steeped in the occult and connected to Freemasonry, Illuminism, Theosophy and a myriad network of darkly occult offshoots. The Movement can boast Black Magic witches and wiccans, shamans and witchdoctors – Hindus and Neo-Pagans among its adherents and fellow travelers. At its highest levels it seeks the Masonic Christ. The controlling element of this Movement is steeped in the higher degrees and doctrines of the Freemasons. Helena Blavatsky, the founder of the Theosophical Society, and her disciple Alice Bailey, wrote extensively regarding their goals. They both admittedly received their 'enlightenment' - their doctrine, from spirit beings. We know them as demons. It is clear that they - and the movement they guide – seeks the very destruction of all the monotheistic faiths; Islam, Judaism and Christianity.<sup>12</sup> They mean to achieve their ends through any means necessary; even lethal violence, if necessary. The

overriding goal is a world that gives allegiance in every facet – political, economic and religious – to the god of this world – Lord Satan. These are the words of David Spangler, Director of the Planetary Initiative for the United Nations, with his connection to the ‘Christian’ church, St John the Divine, speaking of our entry into the planned coming World Order: “No one will enter the New World Order unless he or she will make a pledge to worship Lucifer. No one will enter the New Age unless he will take a Luciferian Initiation.” That’s the quote that really got my attention. You see, they do teach a ‘Christ’. But it is one of their own making.

### Who Is This Guy?

While the New Age Christ is most definitely ‘different things for different people’: We can probably draw a pretty accurate picture by looking at the beliefs of Theosophy and its offshoots. Theosophy was founded in 1875 by Madame Blavatsky, who leaned on her ‘spirit guides’ (demons) for esoteric wisdom. Ron Rhodes fleshes out the expected characteristics of this Christ-figure in his series: *The Christ of the New Age Movement*.

For one thing, he certainly is not the Jesus of the Gospels. In fact, he “fits nicely” with “Buddha, Krishna and other ‘holy men’. *This Christ is broad-minded and nonjudgmental. He is a 'Master' among 'Masters,' who - with the others - is leading the human race into a New Age of enlightenment and harmony.*” To Blavatsky’s followers: He is a Supreme World Teacher. The Christ, however, is an Office rather than an individual. In fact, through the ages he has come in multiple incarnations. “These include “Buddha (in India), Hermes (in Egypt), Zoroaster (in Persia), Orpheus (in Greece), and Jesus (at the River Jordan, where the Christ came upon Jesus at His baptism).”<sup>13</sup> And Jesus’ death on the Cross, if accepted at all, should never be understood as serving for a payment for Man’s sins. You see, all of mankind can serve as an acceptable vessel for the Christ. We are all somehow ‘divine’. Theosophy teaches that “each human being evolves through seven planes of existence (the physical plane, the astral plane, the mental plane, etc.). Each plane a person evolves through brings him or her ever closer to union with the Absolute (God). Theosophists reason that this process can take a very long time, hence requiring innumerable reincarnations.”<sup>14</sup>

Now it gets even stranger than that. Blavatsky’s disciple Alice Bailey, who took over the movement, taught that there is an evolutionary process going on here. Eventually, the Ascended Masters – those humans who had achieved that level of spiritual perfection in order to qualify – would draw so close to a spiritually evolving humanity that they will physically appear. A Christ figure will manifest itself when certain conditions are met. These include: “(1) catastrophic planetary conditions; (2) a spiritual awakening; and (3) a steadily mounting invocative prayer. This last condition involves use of *The Great Invocation, a prayer which is intended to speed the reappearance of the Christ.*” Thus Rhodes tells us that they believe that the “*Second Coming will be a single Avatar*” but also “*mystically manifested in humanity.*” Spangler explains: “*Any old Christ will not do, not if we need to show that we have something better than the mainstream Christian traditions. It must be a cosmic Christ, a universal Christ, a New Age Christ.*”<sup>15</sup> This is not Jesus, the mystical Savior of the World, but rather a World Teacher. To the New Age mind he will be “*a cosmic principle, a spiritual presence whose quality infuses and appears in various ways in all the religions and philosophies that uplift humanity and seek unity with spirit.*”<sup>16 17</sup>

### And The Weird Gets Weirder

But that’s not the end of the strangeness. In order to go forward we’ve got to define something called the ‘Akashic Records’. The idea originated in India in 19<sup>th</sup> century Hindu thought. It kind of takes in the notion of ether-like substance that surrounds the earth and permeates the universe. Wikipedia describes it as “*a term used in theosophy (and Anthroposophy) to describe a compendium of mystical knowledge encoded in a non-physical plane of existence. These records are described as containing all knowledge of human experience and the history of the cosmos.*”<sup>18</sup> And now get this: You can only access this library of the mind of God through techniques like astral projection (out of body experiences), hypnosis – and other forms of demon-induced states. So it seems, in this worldview, that the Christ Consciousness left Jesus at the time of the Crucifixion and now resides in this ether that surrounds the earth.

And so there is extant, one of those ‘other gospels’ of Christ, that purports to present a Jesus in line with those views. In 1908, Levi H Dowling wrote *The Aquarian Age Gospel of Jesus, the Christ of the Piscean Age*, a book he claims to have downloaded from the ether or Akashic Record. This Jesus imposter goes on like a full fledged New Ager with Hindu overtones. The book is replete with the doctrine of reincarnation and the soul’s ‘journey back to God’. Jumping up to today we find the connection through our friend David Spangler. Spangler believes that the New Age Christ is right now “*incarnating into humanity from the etheric realm.*”<sup>19 20</sup> And so, in a very sick sense, he may be. Conditions are indeed ripe for the rise of Antichrist.

## TURNING UP THE HEAT

With Syria on the verge of full fledged civil war and Iran working feverishly on acquiring a home-grown nuclear weapons capability; Tensions are rapidly rising in the Middle East. As reported by DEBKA, Iran is “*transferring Palestinian terrorist units into Syria after training them at IRGC Al Qods facilities for cross-border raids into the West Bank and Israel.*”<sup>21</sup> But what’s more ominous still is the fact that the United States and Russia seem to be squaring off in the waters of that region. On November 12, the same day that 2 Iranian bases experienced unexplained explosions affecting their nuclear missile capabilities; Two American aircraft carriers sailed through the Strait of Hormuz and set up shop off the Iranian coast. A few days later, three Russian ships deployed off Syria. Their mission – in the words of DEBKA – to operate “*along its coasts to resist any foreign intervention in Syria unrest.*” The US, and some of its NATO allies including Turkey, the UK and Canada have been making tentative preparations for a Syrian intervention. Ottawa announced that plans had changed and Canada would maintain a naval presence in the region.<sup>22</sup>

## WHO CAME FIRST: SANTA CLAUS OR JESUS ? OR WHAT’S HAPPENED TO CHRISTMAS ?

Cindie Palaszewski

The longer I’m a Christian the harder it is for me to face the crazy circus in America we call Christmas. The stress that comes with creating the “perfect holiday” is driving us close to a breaking point. Long before we get the chance to be thankful on “Thanksgiving” we become consumed with gift buying and decorating. Living in a nation accustomed to getting everything we want, when we want it, only adds fuel to the fire. It’s as if we unintentionally try to out do ourselves year after year in preparing for the holiday season. I know if I’m not paying attention, I can easily become a victim to the world’s idea of Christmas without even realizing it.

All this holiday hoopla causes us major stress, which in turn causes us to be run down and sick. So here we are stressed out, strung out and coughing our brains out in what seems like an endless parade of shopping lines. Every magazine in eyesight is giving us advice on how to reduce stress. The world’s solution of course is to focus more on ourselves. Go to a luxury spa or take the family on an exotic vacation. So what if you can’t afford it. You deserve it! Of course the debt you’ll incur will certainly give you something to stress about later. Kind of like putting a Band-Aid on a gaping wound, it really doesn’t help much.

Welcome America to Christmas without Christ! We saw it coming didn’t we? It’s sad to admit but, we’ve given way to all the selfish trappings the Devil himself has been dangling under our noses. After allowing the government to remove God from our schools, it was only a matter of time before things would really start to crumble. You see the majority of our leaders today are those same children who were denied access to the Godly foundations that the people of our nation had followed since its conception. They didn’t have the Ten Commandments as their guide and prayer was merely an after thought used to achieve their goals. As a result we’ve seen our Christian rights slip away by the actions of our judicial system. Tolerance towards other religions is now forced upon us, while tolerance for truth is frowned upon. “Happy Holidays!” has become our greeting. (After all, we wouldn’t want to offend people who choose to honor other gods.) We’ve also been told to remove all mangers from public buildings. (It’s okay to replace them with Santa and his flying reindeer) and Christmas songs mentioning the birth of our Savior are no longer sung in public schools. Christmas pageants have become ‘*Holiday*’ programs where the more tolerated ditties about Rudolf and Frosty are sung. We really need to keep praying for our ailing country.

As Christmas approaches this year I hope we’ll recognize the wiles of the devil as he continues his plan to pull us away from Jesus Christ. Lucifer, once the most beautiful worship leader in all of Heaven can no longer worship and it’s his life long goal to make sure we won’t either.

By the way, if you’d like to know the only real way of reducing stress, it’s found in the Bible in Matthew 6:33. “**But seek first the kingdom of God and His righteousness, and all these things shall be added to you.**” (And here’s an alternate version: I love the paraphrasing from *The Message Bible*.) “**Steep your life in God-reality, God-initiative, God-provisions. Don’t worry about missing out. You’ll find all your everyday human concerns will be met.**” Let’s get our priorities in line....God comes first!
