DISCERNING THE TIME: 2012 – PART III

We've been running through the revealed plan to establish the New World Order. The first order of business on their agenda is to inaugurate a controlled Worldwide War to create the conditions for change. We've gone through their plans as revealed in the 1981 book, 'The Armageddon Script' and measured just how close they are to achieving those means. So far we've reviewed their plans for conflicts; involving Israel, in Korea, Taiwan and their plans to utilize terror that includes weapons of mass destruction. In PART III we'll look at the revelations of some other sources and gauge the progress in those areas.

THE PLAN: READY FOR EXECUTION ?

“And these are the words that the LORD spake concerning Israel and concerning Judah. For thus saith the LORD; We have heard a voice of trembling, of fear, and not of peace. Ask ye now, and see whether a man doth travail with child? wherefore do I see every man with his hands on his loins, as a woman in travail, and all faces are turned into paleness? Alas! for that day is great, so that none is like it: it is even the time of Jacob's trouble, but he shall be saved out of it.” (Jeremiah 30:4-7) (KJV)

The Prophet Jeremiah warns us of a time that is coming upon the earth that will be like no other. Jesus spoke of it too. Jeremiah called it **“the time of Jacob's trouble”**. In today's parlance it has become The Great Tribulation. The sad, weird and incredible fact of the matter is that there are forces existing in today's world that seek to create these very conditions as a stepping stone to achieving world power for their particular cause. They have set their minds and committed their lives to bringing mankind's rebellion to fruition. They are working toward 'creating the Antichrist'. Included are: Shiite Muslims expecting the Mahdi, Gaia worshippers, Illuminati / One-Worlder-types like those that sit on the CFR or the Bildebergers, radical environmentalists, those that worship the 'divine feminine', Theosophists, New Agers, the higher orders of the Freemasons and more. Some know just who he is, [Satan / Antichrist]. Others deny the reality of just 'who he is'. Others still are duped by the powers that would bring him about. Make no mistake however, his spirit is in the world and men are about the work of bringing him to power. The groups are many and varied but they have one thing in common: They fit the description found in 1John 4:3: **“[E]very spirit that does not confess that Jesus Christ has come in the flesh is not of God. And this is the spirit of the antichrist, which you have heard was coming, and is now already in the world”**.

Now in our current series we've been examining the template that some of these folks have been giving us – in their own words. Bill Lambert, was the Director and featured speaker at a seminar of the New England Theosophical Society infiltrated by David Bay of Cutting Edge Ministries, a few years back. At the meeting he outlined for the attendees the plans to call forth the New Age Messiah. He stated that that prophecy is self-fulfilling. *“What a person thinks, he creates.”*¹ A belief in the concept of Armageddon will lead to massive nuclear war. So too, when enough people believe it, this world will be ready for the New Age Messiah. To their mind, it is then that he will arrive.

Concurring with that message, Peter Lemesurier, author of the Armageddon Script agrees. *“If the Messiah is to appear, then he must be produced”*, says he. Their's is a more practical – and sinister - approach than one might think. This is not to be a case of just a lot of New Age 'Oooooohming' and half-naked dancing around in a circle to the hypnotic tones of primitive drumming in order to achieve a higher consciousness - and receive some cosmic enlightenment. No! They have revealed plans to even simulate the fulfillment of certain Biblical prophecies that will point to the man they have chosen to operate as the New Age Christ. After all, we are told, *“he must be produced.”*²

The Plan For The Economy

Enter Pastor Lindsey Williams, a recent and oft-used guest on the Alex Jones TV Show. On December 9th of 2011, he made a very interesting and enigmatic statement. *“The Elite know more about prophetic scriptures than what the average pastor does....The think tank of the Elite have come to the conclusion that in 2012 there are going to be some divine manifestations.”*³ His statement regarding the use of and concern with scriptural fulfillment seems to corroborate the pronouncements of New Age luminaries such as Lambert and Lemesurier. But he’s not just another pastor with an anti-New World Order axe to grind. Williams has a history with the connected that goes back about 3 decades. At that time he became the chaplain on the Alaska pipeline. His success in helping to reduce the incidence of fighting, gambling and drinking brought him into the good graces of the second and third tier executives of major oil companies working on the project. These were not the Global Elite but they were closely connected to those elite and were privy to many decisions and manipulations. Over time, these execs took Pastor Lindsey into their confidence and shared some of their insights with him. As the Illuminati Files describes it *“many of these people are still privy to decisions and plans from higher up the ranks and in 2007 Lindsay was able to successfully predict that the price of oil would fall from \$149.00 to less than \$50.00 a barrel in within a year, much to the ridicule and derision of economists and analysts within the mainstream media. Needless to say that pastor Lindsey's prediction came true. Only, as Lindsay says, it was not a prediction; it was simply inside knowledge that Lindsay had gained from the boardroom.”*⁴

Now what has turned out to be Pastor Willaiam’s very accurate insights over the years has not been limited to Big Oil or the economy – but has included geopolitical developments too. Now he is revealing what his sources have told him about 2012. These include manipulations and deceptions of the first order – all designed to move us to the New Order. But why would they reveal things to him. He explains that now some of the aging confidants he’s known – no matter what they’ve done in their lives – are realizing that they will soon meet their maker. He says *“old men are talking because they’ve got a conscience.”* Yet other elites, concerned about his knowledge have issued threats against the his life and the lives of his family forcing him to shut down his website and reduce the availability of some of his books. He does however continue to speak out on forums such as Infowars and Alex Jones. We’ll start by looking at what he has been told will happen to the economy.

According to William’s sources, there is going to be a major devaluation of the Dollar. His connection told him to look at what now Fed Chairman Ben Bernanke said way back in 2002. Therein would lie the clue as to what the elite would be up to in 2012. (So I did.) In November of 2002, Bernanke was speaking before the National Economics Club in Washington. *(Sounds like a partying group, doesn’t it?)* He said this: *“...it's worth noting that there have been times when exchange rate policy has been an effective weapon against deflation. A striking example from U.S. history is Franklin Roosevelt's 40 percent devaluation of the dollar against gold in 1933-34.”*⁵ There was the clue. Lindsey described how he thinks it will go down. They’ll close the banks on a Friday afternoon of a long holiday weekend – and when they reopen on Monday, your money will be worth 40% less than it was. He explained how the Franklin Roosevelt analogy all fit in, growing rather animated in the process. Roosevelt had people bring in their \$20 gold pieces to rebuild the Treasuryit was their duty as Americans. In exchange they got a gold certificate; paper currency. Lindsay: *“You could take it back to the bank and get \$20. The scoundrel! The liar! He knew, it had already been planned behind closed doors. I’ve been told this, he knew that in a few months he would take the price of gold from \$20 an ounce to \$35.”* That’s 40%! *“This time they’ll merely take the Federal Reserve Note - and when its worth a certain amount on Friday afternoon; it will be worth another amount on Monday morning. And you’re going to have a 40% devaluation.”*⁶

That may sound incredible, but his is not a lone voice crying out with that refrain. Investor Kyle Bass claims that he spoke to a senior Obama administration official who confirmed that the PTB planned to ‘kill the dollar’. *“The governments idea right now is we are going to export our way out of this and when I asked a senior Obama administration official last week how are we going to grow exports if we wont aowl nominal wage deflation, he said we are just going to kill the dollar.”*⁷ This also lines up quite well with the uber-accurate predictions put forward by our friends at the European think tank LEAP 20/20. The boys at LEAP have been accurately pre-tracking the unfolding global economic crisis since at least early 2007 – always remaining months ahead of events. They have entitled the section on the United States economy: *“The unstoppable US economic spiral : recession/depression/inflation.”* Looking ahead as far as the year 2016 they pronounce America to be *“insolvent and ungovernable”*. They note soaring poverty rates and ongoing - as well as looming - reductions in public services. With state and local government revenues shrinking, they see no *“more 'padding' to soften the blow of the recession into which the country has fallen again. We anticipated that 2012 would see a 30% drop in the Dollar against major world*

currencies. In this economy, which imports the bulk of its consumer goods, this will result in a corresponding decrease in US household purchasing power against a backdrop of double-digit inflation.”⁸ OK, so analyzing it differently, LEAP sees only a 30% reduction in the purchasing power of Americans. (*Whoohooo! I'm relieved already!*) And here's the obvious corollary to what the good pastor was told. Paper will be worth nothing. Gold will be going up! (Silver should be too.) So get out of dollars, he tells us. Gold will be going up by 40%.^{9 10}

The Plan For Iran

Pastor Williams was told to expect a war with Iran sometime during the last quarter of 2012. Through his interviews with the Elite he was informed that the conflict could involve China, Russia, Syria – as well as the givens – the US, Israel and Iran. But they don't want Israel or the America to be labeled the aggressors. *“We are goading Iran to fire the first shot.”*¹¹ The Illuminati Files paraphrased his remarks thusly: *“The U.S Dollar will totally collapse by 2012 and more chillingly, there will be an outbreak of war in the Middle East that will spread throughout the world, sometime after 2012?”*¹²

That scenario is chillingly reminiscent of another prediction made just about 2 years ago. (We've covered it here before – but for the new folks...) At that time we reported that the PTB (Powers-That-Be), - or the “Over-Government”, are maneuvering to set events in motion to fulfill their goals within the next couple of years. That would be sometime in...2012. The source was a retired British military, (involved with the missile program), and a senior executive in the City of London. City of London is shorthand for the UK equivalent of the very center of the Wall Street financial power. Back in 2005 he attended a meeting of Senior Masons in the City of London. At the meeting the British military guy – who we'll refer to as W – heard an outlandish story, almost beyond belief - especially in the casualness with which some subjects as nuclear war and the slaughter of billions of souls through biological weapons – were referred to by dozens of ‘insiders’ that seemed to be ‘in on’ the plan. These were not the decision makers – for the most part – but were more at the operations level, carrying out decisions that had long ago been decided. W did say that there were some senior officials present, big-wigs from the Conservative Party, and high ranking members of the Church of England. Because of his position he was assumed to be part of the group that was ‘in the know. It was the one and only meeting that he attended. After a few years – haunted by conscience – he came forward and gave his story to journalist Bill Ryan.

Here are Bill Ryan's bullet points of the most important points in his exhaustive interview with W.

- *“There is a planned Third World War, which will be nuclear and biological. Our source believes that this is on track to be initiated within the next 18-24 months.”* [This would put us in to the time period of ...oh ...just about now.]
- *It is planned to begin with a strike by Israel on Iran. Either Iran or China will be provoked into a nuclear response. After a brief nuclear exchange, there will be a ceasefire. The world will be thrown into fear and chaos - all carefully engineered.*
- *The extreme state of tension will be used to justify heavy social and military controls in all western first world nations. Plans are already in place for that.*
- *During the nuclear ceasefire, there is planned to be a covert release of biological weapons. These will initially be targeted against the Chinese. As our source chillingly told us, "China will catch a cold". Biological warfare will spread further, to the west. Infrastructure will be critically weakened.*
- *This is intended to be just the beginning. After this, a full nuclear exchange would be triggered: the "real" war, with widespread destruction and loss of life. Our source tells us that the planned population reduction through these combined means is 50%. He heard this figure stated in the meeting.”*^{13 14 15}

While on the face of it – all of this may seem beyond credulity – we must realize that we live in an age of deception. And all may not be what it seems to be.

SMELLS LIKE WAR

It sure is getting hot over there. Naval and air assets are steaming to the waters off of both Syria and Iran. The major powers are getting involved and the war of words is escalating. US, French, Russian and British forces are deploying to the area. The Russian aircraft carrier, the Admiral Kuznetsov has landed at the Syrian port of Tartus. A ceremonial flyover by Russian fighter-bombers, should be, said DEBKA, “*taken as a signal of Moscow's willingness to back the Assad regime up against any Western military intervention.*” The French challenged the Russians by assigning the air defense destroyer Forbin off of Tartus. And amid reports that the Iranians had begun uranium enrichment at the underground nuclear facility at Fordow, the Brits sent their ‘most powerful’ naval vessel, the HMS Daring, a type of destroyer capable of taking down “*any missile in Iran’s armory*”. Iran followed up its naval maneuvers in the Persian Gulf with ground maneuvers on its Afghan border – a direct challenge to the US presence in the region. Oil prices are rising with the increased tensions in the region. But the real tension loomed over the Iranians threats to close down the Gulf to shipping. According to Iran’s Revolutionary Guards, the highest leadership in Tehran has ordered the Straits of Hormuz be closed should the EU impose an oil embargo as expected. The US admits that the Iranians could block that essential waterway to shipping “*for a period of time*”. But General Dempsey, Chairman of the Joint Chiefs of Staff responded unequivocally. “*We’ve invested in capabilities to ensure that if that happens, we can defeat that. Yes, they can block it. We’ve described that as an intolerable act and it’s not just intolerable for us, it’s intolerable to the world. But we would take action and reopen the straits.*” American Defense Secretary Panetta confirmed that Iranian action interfering with shipping in the area would constitute a “red line” for the US. As for Iran developing a nuclear weapon of its own, Panetta said, “I think they need to know that — that if they take that step — that they’re going to get stopped.”¹⁶ For its part, the Sunni Arab states are taking all of this quite seriously. The Armed Forces of Saudi Arabia as well as several other Gulf Cooperation States have gone on alert in support of Washington in what they see as the almost inevitable coming confrontation with Iran.^{17 18 19 20 21 22 23} So if it smells like a duck....And this sure smells like war.

YADAS

CHANGING TREATIES – Egypt’s Islamist Party is willing to continue the current treaty with Israel – so long as it is amended to allow the Egyptian Army to have a greater presence in Sinai. Of course, the provision limiting Egyptian troop levels there is a key provision in preventing Israel from being taken by a surprise attack.²⁴ Egypt is fast moving toward assuming its role as a member of the Psalm 83 alliance that will come against Israel in the Last Days.

AMERICAN TROOPS TO ISRAEL – The Jerusalem Post is reporting that by Spring of 2012, a US command will be established in Israel with several thousand US soldiers deployed there. The troops will be involved in missile defense.^{25 26}

THE US: JERUSALEM SHOULD BE INTERNATIONAL CITY – According to reports circulating in London’s Arab press, the Obama administration has worked with key Arab leaders on the solution to the Middle East Peace process and believes – along with the Saudis – that Jerusalem needs to be divided in any final solution to the problem. According to reports, the Old City of Jerusalem would become an *International Zone*.²⁷ [Of course, this falls right in line with the published plans of the One World / Illuminati types.]

ROME: PALESTINIAN STATE & INTERNATIONALIZED JERUSALEM – The Vatican is right in line with the spirit of the last ‘Yada’ just above. The Catholic Church is pushing to assume control of religious sites in the Old City of Jerusalem. Here’s Cardinal Jean-Luis Tauran giving voice to the Vatican’s sentiments. “*The part of Jerusalem within the walls – with the holy sites of the three religions – is humanity’s heritage. The sacred and unique character of the area must be safeguarded and it can only be done with a special, internationally-guaranteed statute.*”²⁸ [Of course, we’ve quoted before how the plans of the Illuminati / Masonic forces include the cooperation of the Catholic Church and a future pope in the plans of establishing a One World Government and a New Age Christ.]
